SUPPLEMENTAL INFORMATION

	<u>Regulatory Cite</u>	<u>Title</u>	<u>Date</u>
1	52.204-4016 (TACOM)	TACOM-WARREN ELECTRONIC CONTRACTING	MAR/2001

(a) TACOM is now operating in an electronic contracting environment. All TACOM solicitations and awards are now distributed on the TACOM Warren Business Opportunities web page (<http://contracting.tacom.army.mil/opportunity.htm>) and are no longer available in hard copy. The TDPs and other documents, when available electronically, will be an attachment or linked to the solicitation package on the web. Please see submission guidelines at <http://contracting.tacom.army.mil/userguide.htm> and <http://contracting.tacom.army.mil/ebidnotice.htm> for more information. Any requirements included in the solicitation take precedence over guidance found on the TACOM contracting web page.

(b) You may need to use special software to view documents that we post on the home page. This viewing software is freeware, available for download at no cost from commercial web sites like Microsoft and Adobe. In cases where such software is required, we provide a link from our page to the commercial site where the software is available. Once you arrive at the software developer's site, follow their instructions to download the free viewer. You then can return to the TACOM home page.

(c) You are required to submit your offer, bid, or quote electronically. See the provision entitled "Electronic Offers (or 'Quotes' or 'Bids') Required in Response to This Solicitation (or 'Request for Quotations')" for more specific information.

(d) Any award issued as a result of this solicitation will be distributed electronically. Awards posted on the TACOM Warren Business Opportunities web page represent complete OFFICIAL copies of contract awards.

(e) If you have questions or need help in using the Acquisition Center Home Page, call our Electronic Contracting Help Desk at (586) 574-7059, or send an email message to: acqcenweb@tacom.army.mil

(f) If you have questions about the content of any specific item posted on our home page, please call the buyer or point of contact listed for the item. Additional help is available to small businesses from Government-funded Electronic Commerce Regional Centers (ECRCs) to implement EDI. Information on ECRC is available at <http://www.ecrc.ctc.com>

[End of Clause]

2	52.242-4021 (TACOM)	NOTICE REGARDING PLACEMENT OF DELIVERY ORDERS AND CONTRACTUAL ADMINISTRATION	JUL/1999
---	------------------------	--	----------

During the term of this contract, authority may be granted to agencies other than TACOM including Defense Supply Center, Defense Logistics Agency ("DSC/DLA"), Richmond, VA for placement of delivery orders under this contract. Administration of this contract may also be transferred to such agencies, including DSC/DLA.

[End of Clause]

Executive Summary

1. The following information provides an overview of the U.S. Army Tank-automotive and Armaments Command's solicitation for the award of a contract for 50 GPM and 100 GPM fuel pumping assemblies, portable, bulk transfer using military performance specification MIL-PRF-52109 revision G dated 13 AUG 1998. It is the Governments intention to award a single five year Indefinite Delivery/ Indefinite Quantity (ID/IQ) contract with two option years.

2. Both pumps require a First Article Test. There is a provision for an offeror to request that the Government waive its requirement. The Government also requires Department of the Army Technical Manuals (DATMs)for each of the the pumps. There is a provision for an offeror to request waiver of the DATMs).

3. In addition offerors are invited to propose a unit price for shipping the pumps FOB Point Origin and a unit price for shipping the pumps FOB Point Destination. The Government will evaluate the two prices in accordance with FAR 52.247-45.

4. Offerors should carefully review the requirements of this solicitation and pay particular attention to the section entitled "Representations, Certifications, and Other Statements of the Offerors". This section instructs the offeror how to present proposals and sets forth the evaluation and award criteria.

5. OFFERORS PLEASE NOTE:

For CLINS 0011 through 0019
Minimum 5 Year Quantity: 36 EACH

CONTINUATION SHEET	Reference No. of Document Being Continued		Page 3 of 74
	PIIN/SIIN DAAE07-03-R-T012	MOD/AMD	

Name of Offeror or Contractor:

(This will be ordered at the time of the basic contract award).
Maximum 7 Year Quantity: 1,512 EACH
(Inclusive of Option Years)

For CLINS 0021 Through 0027:

Minimum 5 Year Quantity: 12 EACH
(This will be ordered at the time of the basic contract award).
Maximum 7 Year Quantity: 504 EACH
(Inclusive of Option Years)

ONLY THE MINIMUM 5 YEAR QUANTITY IS GUARANTEED.

A multiplier of 3 was used in the to calculate ceiling quantities for the ID/IQ solicitation and the option year quantities. The ceiling is three times the documented average monthly demand. These two pumps are considered "go to war " items. They have a low average monthly demand /density in peace time, but during conflicts, these are among the first equipment called upon for deployment. In addition, this pump will replace pumps purchased as long as 20 years ago which have been sitting unused in inventory. Many of these pumps may also have to be replaced. Based on the world climate a multiplier of 3 was used to maintain Army readiness. Obviously the world situation may affect ultimate requirements.

17	52.209-3	FIRST ARTICLE APPROVAL--CONTRACTOR TESTING (ALTERNATE I (JAN 1997) AND ALTERNATE II (SEP 1989))	SEP/1989

(a) The Contractor shall test 1 unit of Contract Line Item 0018AA and 1 unit of Contract Line Item 0028AA as specified in this contract. At least 20 calendar days before the beginning of first article tests, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within 90 calendar days from the date of this contract to: USATACOM, ATTN-AQ-ADB, Ms. Artz, 6501 east eleven mile, Warren, MI 48097-5000; marked FIRST ARTICLE TEST REPORT: Contract No. _____; Contract Line Item Number _____.

Within 30 calendar days after the Government receives the test report, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government shall take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the DEFAULT clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing, the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer shall, upon timely written request from the Contractor, equitably adjust under the CHANGES clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) Before first article approval, the Contracting Officer may, by written authorization, authorize the Contractor to acquire specific materials or components or to commence production to the extent essential to meet the delivery schedules. Until first article approval is granted, only costs for the first article and costs incurred under this authorization are allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government. If first article tests reveal deviations from contract requirements, the Contractor shall, at the location designated by the Government, make the

Name of Offeror or Contractor:

required changes or replace all items produced under this contract at no change in the contract price.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the offeror/contractor and have been accepted by the Government. The offeror/contractor may request a waiver.

(i) The Contractor shall produce both the first article and the production quantity at the same facility.

[End of Clause]

TACOM ADDENDUM: For purposes of this contract, interpret Paragraph (g) above to mean that the PCO hereby authorizes you to purchase all material and components necessary to produce the production quantity.

[End of Addendum]

18	52.212-5	CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUES OR EXECUTIVE ORDERS--COMMERCIAL ITEMS	MAY/2002
----	----------	--	----------

(a) The Contractor shall comply with the following FAR clauses, which are incorporated in this contract by reference, to implement provisions of law or executive orders applicable to acquisitions of commercial items:

- (1) 52.222-3, Convict Labor (E.O. 11755); and
- (2) 52.233-3, Protest after Award (31 U.S.C 3553).

(b) The Contractor shall comply with the (following, checked) FAR clauses in this paragraph (b) which the contracting officer has indicated as being incorporated in this contract by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial items or components:

- ☒ (1) 52.203-6, Restrictions on Subcontractor Sales to the Government, with Alternate I (41 U.S.C. 253g and 10 U.S.C. 2402).
- ☐ (2) 52.219-3, Notice of Total HUBZone Small Business Set-Aside (Jan 1999).
- ☒ (3) 52.219-4, Notice of Price Evaluation Preference for HUBZone Small Business Concerns (Jan 1999) (if the offeror elects to waive the preference, it shall so indicate in its offer)
- ☐ (4) (i) 52.219-5, Very Small Business Set-Aside (Pub. L. 103-403, section 304, Small Business Reauthorization and Amendments Act of 1994).
- ☐ (ii) Alternate I to 52.219-5.
- ☐ (iii) Alternate II to 52.219-5.
- ☒ (5) 52.219-8, Utilization of Small Business Concerns (15 U.S.C. 637 (d)(2) and (3)).
- ☒ (6) 52.219-9, Small Business Subcontracting Plan (15 U.S.C. 637(d)(4))
- ☐ (7) 52.219-14, Limitations on Subcontracting (15 U.S.C. 637(a)(14)).
- ☐ (8) (i) 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns (Pub. L. 103-355, section 7102, and 10 U.S.C. 2323) (if the offeror elects to waive the adjustment, it shall so indicate in its offer).
- ☐ (ii) Alternate I of 52.219-23.
- ☒ (9) 52.219-25, Small Disadvantaged Business Participation Program--Disadvantaged Status and Reporting (Pub. L. 103-355, section 7102, and 10 U.S.C. 2323).
- ☐ (10) 52.219-26, Small Disadvantaged Business Participation Program--Incentive Subcontracting (Pub. L. 103-355, section 7102, and 10 U.S.C. 2323).

(d) Comptroller General Examination of Record. The Contractor agrees to comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records--Negotiation.

(1) The Comptroller General of the United States, or an authorized representative of the Comptroller General, shall have access to and right to examine any of the Contractor's directly pertinent records involving transactions related to this contract.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(e) Notwithstanding the requirements of the clauses in paragraphs (a), (b), (c) or (d) of this clause, the Contractor is not required to include any FAR clause, other than those listed below (and as may be required by an addenda to this paragraph to establish the reasonableness of prices under Part 15), in a subcontract for commercial items or commercial components--

- (1) 52.222-26, Equal Opportunity (E.O. 11246);
 (2) 52.222-35, Equal Opportunity for Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (38 U.S.C. 4212);
 (3) 52.222-36, Affirmative Action for Workers with Disabilities (29 U.S.C. 793);
 (4) 52.247-64, Preference for Privately-Owned U.S. Flag Commercial Vessels (46 U.S.C. 1241) (flow down not required for subcontracts awarded beginning May 1, 1996); and
 (5) 52.222-41, Service Contract Act of 1965, As Amended (41 U.S.C. 351, et seq.).

(End of clause)

- 19 52.216-18 ORDERING OCT/1995
- (a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from date of contract award through five years from date of contract award.
- (b) All delivery orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order and this contract, the contract shall control.
- (c) If mailed, a delivery order or task order is considered issued when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

--------------------	---	---------------

Name of Offeror or Contractor:

(End of clause)

20 52.216-19 ORDER LIMITATIONS OCT/1995

(a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than 18 each of CLIN 001 50 GPM fuel pump or 6 each of CLIN 002 100 GPM fuel pump, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) Maximum order. The Contractor is not obligated to honor--

- (1) Any order for a single item in excess of 216 each of CLIN 001 50 GPM fuel pump or 72 each of CLIN 002 100 GPM fuel pump.
- (2) Any order for a combination of items in excess of 288 pumps; or

(3) A series of orders from the same ordering office within 30 days that together call for quantities exceeding the limitation in subparagraph (1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the REQUIREMENTS clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 5 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of clause)

21 52.216-22 INDEFINITE QUANTITY OCT/1995

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the ORDERING clause. The Contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the maximum. The Government shall order at least the quantity of supplies or services designated in the Schedule as the minimum.

(c) Except for any limitations on quantities in the ORDER LIMITATIONS clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed by the Contractor within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after six and one half years from the date of contract award.

[End of Clause]

22 252.212-7001 CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUTES OR NOV/2002
EXECUTIVE ORDERS APPLICABLE TO DEFENSE ACQUISITIONS OF COMMERCIAL
ITEMS

(a) The Contractor agrees to comply with the following Federal Acquisition Regulation (FAR) clause which, if checked, is included in this contract by reference to implement a provision of law applicable to acquisitions of commercial items or components.

() 52.203-3 Gratuities (APR 1984) (10 U.S.C. 2207)

(b) The Contractor agrees to comply with any clause that is checked on the following list of DFARS clauses which, if checked, is included in this contract by reference to implement provisions of law of Executive orders applicable to acquisitions of commercial items or components.

X 252.205-7000 Provision of Information to Cooperative Agreement Holders (10 U.S.C. 2416).

- 252.225-7014 Preference for Domestic Specialty Metals, Alternate I (10 U.S.C. 2533a).
- 252.247-7023 Transportation of Supplies by Sea (10 U.S.C. 2631)
- 252.247-7024 Notification of Transportation of Supplies by Sea (10 U.S.C. 2631).

(End of clause)

23 52.209-4000 NOTICE REGARDING FIRST ARTICLE TEST SAMPLE MAR/2000
(TACOM)

- (a) The approved first article items, as described elsewhere in this contract, consist of a quantity of ZERO that will be consumed or destroyed in testing. Any items consumed or destroyed in testing shall not be delivered as part of the contractually required quantity as set forth in the schedule. The cost of any items that are consumed or destroyed shall be included in the overall offer or contract price. A quantity of ONE from CLIN 0018AA and ONE from CLIN 0028AA that successfully passes all specified tests, less the destructive tests, if any, both first article test pumps will serve as a manufacturing standard for the remainder of the contract.
- (b) A manufacturing standard is an item, which conforms to all technical performance requirements. A manufacturing standard will serve as 1) an aid in identifying configuration changes not controlled by the contractual design. 2) as an aid in identifying any process changes, or 3) as the approved workmanship sample, when required, unless alternate samples are submitted for specific

<p style="text-align: center;">CONTINUATION SHEET</p>	<p style="text-align: center;">Reference No. of Document Being Continued</p> <p style="text-align: center;">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p style="text-align: center;">Page 31 of 74</p>
--	--	---

Name of Offeror or Contractor:

characteristics by the Contractor and approved by the Government.

(c) The manufacturing standard will only be used to supplement contractual acceptance/rejection criteria for those process characteristics that require approved workmanship samples. For other characteristics, if configuration or process changes are identified in production units, the contractor will notify the contracting officer for disposition. Manufacturing items that serve as a manufacturing standard may be delivered as part of the contractual quantity with the last shipment made under this contract provided it meets all contractual requirements existing at time of delivery.

[End of Clause]

24	52.209-4006	EVALUATION FACTORS FOR FIRST ARTICLE TEST REQUIREMENT	APR/1987
	(TACOM)		

(a) If the offeror submits a request for waiver of First Article Testing but fails to comply with the requirements of the provision entitled PROVISION FOR WAIVER, the requested waiver may not be granted. If the waiver is not granted, more favorable alternative offers of price or delivery, conditioned upon the granting of a waiver, will not be considered in the evaluation process

(b) DELIVERY EVALUATION FACTORS

(1) As specified elsewhere in this solicitation, the Government reserves the right to waive the requirement entitled FIRST ARTICLE APPROVAL, and will require an accelerated delivery schedule if the successful offeror is granted such a waiver. However, in no case will a delivery schedule predicated upon waiver of the First Article Test requirement be considered as an evaluation factor for award, even if such a schedule would be more advantageous to the Government.

(2) If an offeror requests waiver of First Article Testing but takes exception to the accelerated delivery schedule set forth elsewhere herein, such offeror shall not be considered eligible for the requested waiver. In consequence, any award to that offeror shall be based upon the delivery schedule indicated in the clause entitled REQUIRED DELIVERY SCHEDULE, including all First Article Requirements.

(c) PRICE EVALUATION FACTORS. As specified elsewhere in this solicitation, the Government reserves the right to waive the requirement entitled FIRST ARTICLE APPROVAL, and requests the price of the proposed First Article Test (at the schedule of supplies, Item 0018AA and 0028AA) from offerors who elect to seek such a waiver. In the event that the offeror requests and receives a waiver of First Article Test requirements, the price for such testing, as identified by the offeror in the supplies schedule, Item 0018AA and 0028AA, shall be deducted from the total price otherwise cited for the materiel herein solicited. The offer will then be evaluated for award at the resulting alternate price.

(1) If the offeror requests a waiver of First Article Test requirements, but fails to separately identify the cost of First Article Testing in the schedule of supplies, Items 0018AA and 0028AA of this solicitation, the Government reserves the right to evaluate the offer based upon the price for CLINS 0011 through 0017 and 0019 through 0027 and 0029, and to require that offeror perform on the contract at such price whether or not the First Article Requirement is waived, at no additional cost to the Government.

(2) If the offeror requests but is not granted a waiver of First Article Testing, evaluation for award will be based upon the full amount entered for CLINS 0011 through 0017 and 0019 through 0027 and 0029, the amounts entered for item 0018AA and 0028AA will not be deducted by the Government.

[End of Provision]

25	52.211-4015	CONFIGURATION CONTROL--ENGINEERING CHANGES	JUL/2002
	(TACOM)		

(a) DEFINITIONS:

(1) Engineering Change Proposal (ECP). An ECP is a suggestion that we (the Government) permanently change some requirement of the Technical Data Package (TDP). ECPs can be issued before or during contract performance. NOTE: The current Government Standard allows us ninety days to process routine ECPs. If you (the contractor) need a response in less than ninety days to meet contract requirements, you should consider submitting a deviation along with your ECP.

(2) Request for Deviation (RFD). A RFD is a one-time request to deviate from TDP requirements. You must submit your deviation request before you deviate from the TDP requirements. You can request a deviation for a specific number of parts or the entire contract quantity.

(3) Value Engineering Change Proposal (VECP). VECP will be accepted pn packaging only. A proposal that --

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 32 of 74
---------------------------	--	----------------------

Name of Offeror or Contractor:

(i) Requires a change to the instant contract; and

(ii) Results in reducing the overall projected cost to the agency without impairing essential functions or characteristics; provided, that it does not involve a change --

(A) In deliverable end item quantities only;

(B) In research and development (R&D) end items or R&D test quantities that is due solely to results of previous testing under this contract; or

(C) To the contract type only.

(4) Notice of Revision (NOR). A NOR describes the proposed changes to a technical document being requested by an ECP.

(b) When will TACOM start processing change requests? TACOM won't start processing any ECP, VECP, or RFD until we receive the ACO's comments (see paragraph (e) below) and the ECP, VECP, or RFD documentation.

(c) Contractor Responsibility. ECPs, VECs, and RFD shall contain information per the instructions outlined on the Data Delivery Descriptions (DDD) which can be found at the following website: <http://contracting.tacom.army.mil/engr/engrchange.htm>. Forms for preparing an ECP, VECP, or a RFD can also be found at this website. You may use other media, as long as you give us all the information outlined in the DDDs.

(1) Identify the two-digit Weapon System Code (WSC) on your submittal. The WSC for this procurement is (-1-).

(2) The Contractor shall submit ECPs/VECPs/RFDs to the Government electronically. You must use one of the following electronic mediums: 100 megabyte Zip*-disk, 3 1/2 inch disk, 650 megabyte CD ROM, or E-mail. (E-mail files must be sized 3.5 mb or less.) Identify the software application, and version, that you used to create each file submitted.

(3) ECPs/VECPs/RFDs submitted in paper form are unacceptable and will be returned. You must use one of the following electronic formats:

(i) Files readable using these Microsoft 97 Office Products: Word, Excel, PowerPoint, or Access. Spreadsheets must be sent in a file format that includes all formulae, macro and format information. Print image is not acceptable.

(ii) Files in Adobe PDF (Portable Document Format).

(iii) Files in HTML (Hypertext Markup Language). HTML documents must not contain active links to live Internet sites or pages. All linked information must be contained within your electronic ECPs/VECPs/RFDs and be accessible offline.

(iv) Other electronic formats. Before preparing your ECPs, VECs or RFDs in any other electronic format, please e-mail the engineer, copy-furnished to the buyer and ACO, to obtain a decision as to the format's acceptability. Failure to e-mail the engineer to seek an alternate format's acceptability may result in rejection of your submission. All alternate methods must be at no cost to the Government. NOTE: The above formats may be submitted in compressed form using self-extracting files.

(d) Submittal Procedures for ECPs/VECPs/RFDs.

(1) Send one copy of the ECP, VECP or RFD in electronic format to your ACO.

(2) Send one copy of the ECP, VECP or RFD in electronic format to the buyer listed on the solicitation/ contract document.

WARNING - Submit complete, legible, virus free packages per paragraphs 1 and 2 above, or we may return your ECP/VECP/RFD without processing them.

(e) ACO Responsibility. Within ten working days from the day you receive the contractor's request, the ACO must prepare Comments on the ECP, VECP, or RFD in electronic format, and forward it as follows:

ECPs, VECs, and RFDs. Email a copy of the contractor's request and ACO comments (DD Form 1998) to the engineer (turnips1@tacom.army.mil) and the buyer identified in block 7 of the solicitation cover sheet (SF 33), block 5 on the Standard Form 26, or block 6 on the DD Form 1155.

(f) Approval of ECPs, VECs and RFDs.

(1) ECPs should be used to make permanent changes in the Government Technical Data Package (TDP). Contractual relief should be requested using a VECP, if a VE clause is contained in the contract.

<p align="center">CONTINUATION SHEET</p>	<p align="center">Reference No. of Document Being Continued</p> <p align="center">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p align="center">Page 33 of 74</p>
---	--	--

Name of Offeror or Contractor:

- (2) ECPs. TACOM will review and make a decision within the ninety day timeframe. Notification of our decision will be made by the contracting officer or representative.
- (3) RFDs. Decision on RFDs will be made within 30 days from the date we receive them from the ACO.
- (g) Processing Emergency and Urgent ECPs. Ordinarily, ECPs submitted by the contractor will be deemed routine. If you submit an ECP that you consider to be an emergency or urgent (as defined in paragraph 11 of DDD for ECPs), you must immediately notify the PCO. TACOM will review the criticality of the ECP, and, if we determine that it is urgent or critical, we'll follow the appropriate processing time-frames as outlined in paragraph 11 of the DDD for ECPs.
- (h) Reminder - Only the PCO can change the Contract. NO OTHER GOVERNMENT REPRESENTATIVE is authorized to make a commitment for, or bind the Government. The act of submitting a request under this clause DOES NOT make any change to the required contract delivery schedules.
- (i) RFDs shall contain sufficient pricing data to determine if a downward equitable adjustment to the contract is required.
- (j) Questions.
- (1) Questions about preparation and submittal of change request should be directed to the Government Quality Assurance Representative (QAR).
- (2) Questions about the status of change requests you've already submitted, contact the buyer. You can find the buyer's name, number and e-mail address in block 7 of the solicitation cover sheet (SF 33), block 5 on the Standard Form 26, or block 6 on the DD Form 1155.

[End of Clause]

26	52.217-4002 (TACOM)	OPTIONS FOR ADDITIONAL QUANTITIES AND FOR EXTENSION IN CONTRACT TERM - SEPARATELY PRICED LINE ITEM	JAN/1997												
<p>(a) As the Government, we have the right to increase the maximum quantity and extend the effective period of the contract in as many as two 1-year increments. Each option covers 1 year, and if exercised will extend the contract life, and will proportionately increase the maximum quantity under the contract, as further described below. These options are successive, and the 7th year option cannot be exercised unless the 6th year option is exercised first. However, if the Government exercises the 6th year option, we are not obligated to exercise the 7th year option.</p>															
<p>(b) The first option (6th year) extends the effective period of the contract by 12 months, and extends the potential contract period of performance as outlined in this paragraph (b). If the first option is exercised, the maximum quantity that the Government may order under the contract will be increased above the maximum that applied before the option was exercised. The first option (6th year) may be exercised by the Government at any time, but not later than 1,775 days after contract award. If this option is exercised, the estimated maximum contract quantity shall be increased by:</p>															
<table border="1"> <thead> <tr> <th>CLIN</th><th>Increase</th><th>From</th><th>To</th></tr> </thead> <tbody> <tr> <td>001</td><td>216</td><td>1,080</td><td>1,296</td></tr> <tr> <td>002</td><td>72</td><td>360</td><td>432</td></tr> </tbody> </table>	CLIN	Increase	From	To	001	216	1,080	1,296	002	72	360	432			
CLIN	Increase	From	To												
001	216	1,080	1,296												
002	72	360	432												

The contractor will not be obligated to make any deliveries under this contract, as modified by exercise of the first option, after 7-1/2 years after the date of contract award.

<p>(c) The second option (7th year) extends the effective period of the contract, by another 12 months beyond the contract's effective period as changed by the 1st option. If the second option is exercised, the maximum quantity that the Government may order under the contract will be increased as specified below. The Government may exercise this second option at any time after the first option has been exercised, but not later than 2,140 days after the date of contract award. If this option is exercised, the maximum quantity shall be increased by:</p>															
<table border="1"> <thead> <tr> <th>CLIN</th><th>Increase</th><th>From</th><th>To</th></tr> </thead> <tbody> <tr> <td>001</td><td>216</td><td>1,296</td><td>1,512</td></tr> <tr> <td>002</td><td>72</td><td>432</td><td>504</td></tr> </tbody> </table>	CLIN	Increase	From	To	001	216	1,296	1,512	002	72	432	504			
CLIN	Increase	From	To												
001	216	1,296	1,512												
002	72	432	504												

The contractor will not be obligated to make any deliveries under the contract, as modified by exercise of the second option, after 8-1/2 years after the date of contract award.

[End of Clause]

--	--	---

Name of Offeror or Contractor:

(TACOM)

(a) Unless we specify a different delivery schedule in an individual delivery order, the following delivery schedule applies to delivery orders under this contract:

(1) Start deliveries for CLIN 0011 and 0021: 60 days after the approval of the First Article Test. Subsequent Delivery Orders will start deliveries 60 days after delivery order date. Continue delivering every thirty days, if necessary, until all items are delivered. If the First Article is waived, deliveries shall commence within 120 days after the date of award of Delivery Order 0001.

(i) You'll deliver a minimum of 2 units every 30 days for CLIN 001 65 GPM pump and a minimum of 19 units every 30 days for CLIN 002 125 GPM pump.

(ii) You can deliver more than the minimum number of units every thirty days: at no additional cost to the Government.

(2) First Article Test Reports CLINS 0018AA and 0028AA: Reports are due 90 days after the date of contract.

(3) Delivery Under CLINS 0019 and 0029:

A001 and B001: Maintenance Analysis: Draft copy available at each Provisioning conference:

A002 and B002: Provisioning Parts List: Two Draft copies due 90 days after date of contract.
Updated Copies due 30 days after each Provisioning Conference.

A003 and B003: Engineering Data for Provisioning/ Drawings: Draft copy available at each Provisioning Conference.
Updated Copy due 30 days after each Provisioning Conference.

A004 and B004: Pre-procurement Screening: Draft copy available at each Provisioning Conference.
Updated Copy due 30 days after each Provisioning Conference.

A005 and B005: Design Change Notice: Delivered not later than 30 days after the ECP or production change.
Government will provide approval within 14 working days.

A006 and B006: Equipment Publications: Draft copy 60 days after date of award.
Validation/Verification of each technical manual will begin 60 days after date of award.
Final Draft Equipment Publication, Final Reproducible copy, with a RPSTL as an appendix, and Electronic technical manual due 120 days after date of award.

A007 and B007: Special Equipment Tools and Test Equipment list: Draft copy due 30 days after date of award.
Government will provide comments within 15 days of receipt of the draft copy.
Final copy due 15 days after receipt of the Government's comments on draft copy.

A008 and B008: Maintenance Allocation Chart: Draft copy available at each Provisioning Conference.
Government will provide comments within 30 days of receipt of the draft copy.
Updated Copy due 60 days after each Provisioning Conference.

A009 and B009: Technical Manual Status and Schedule: First report is due 15 days after the date of the Start of Work meeting.
Subsequent reports are due on the first of every month thereafter until manuals are complete or as determined at Start of Work meeting/ MPP Review.

(2) Delivery is defined as follows:

(i) FOB Origin - Contractor is required to deliver its shipment as provided in FAR 52.247-29(a)(1)-(4) by the time specified in the individual delivery order.

(ii) FOB Destination - Contractor is required to deliver its shipment as provided in FAR 52.247-34(a)(1)-(2) by the time specified in the individual delivery order. The contractor must take into consideration the length of time necessary to deliver its shipment to the destination designated in the delivery order, to ensure that the item reaches its destination by the time reflected in the delivery order.

(3) Proposing an accelerated delivery schedule will not prejudice your offer. However, if you propose a delivery schedule longer than the schedule listed above, your offer may be determined unacceptable for award.

<p align="center">CONTINUATION SHEET</p>	<p align="center">Reference No. of Document Being Continued</p> <p align="center">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p align="center">Page 35 of 74</p>

29	52.211-1	AVAILABILITY OF SPECIFICATIONS LISTED IN THE GSA INDEX OF FEDERAL SPECIFICATIONS, STANDARDS AND COMMERCIAL ITEM DESCRIPTIONS, FPMR PART 101-29	AUG/1998
----	----------	--	----------

(a) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to--

GSA Federal Supply Service
Specifications Section, Suite 8100
470 East L'Enfant Plaza SW
Washington, DC 20407

Telephone (202) 619-8925

Facsimile (202) 619-8978

(b) If the General Services Administration, Department of Agriculture, or Department of Veterans Affairs issued this solicitation, a single copy of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained free of charge by submitting a request to the addressee in paragraph (a) of this provision. Additional copies will be issued for a fee.

[End of Clause]

30	52.211-16	VARIATION IN QUANTITY	APR/1984
----	-----------	-----------------------	----------

(a) A variation in the quantity of any item called for by this contract will not be accepted unless the variation has been caused by conditions of loading, shipping, or packing, or allowances in manufacturing processes, and then only to the extent, if any, specified in paragraph (b) below.

(b) The permissible variation shall be limited to:

____ZERO percent increase; and

____ZERO percent decrease.

This increase or decrease shall apply to THE TOTAL CONTRACTUAL QUANTITY.

(End of clause)

31	52.212-4	CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS	DEC/2001
----	----------	---	----------

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The

<p align="center">CONTINUATION SHEET</p>	<p align="center">Reference No. of Document Being Continued</p> <p align="center">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p align="right">Page 36 of 74</p>
---	---	---

Name of Offeror or Contractor:

Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights --

- (1) Within a reasonable time after the defect was discovered or should have been discovered; and
 - (2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.
- (b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C.3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.
- (c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.
- (d) Disputes. This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.
- (e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.
- (f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
- (g) Invoice.
- (1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include --
 - (i) Name and address of the Contractor;
 - (ii) Invoice date and number;
 - (iii) Contract number, contract line item number and, if applicable, the order number;
 - (iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;
 - (v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading;
 - (vi) Terms of any discount for prompt payment offered;
 - (vii) Name and address of official to whom payment is to be sent;
 - (viii) Name, title, and phone number of person to notify in event of defective invoice; and
 - (ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.
 - (x) Electronic funds transfer (EFT) banking information.
 - (A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.
 - (B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer -- Central Contractor Registration, or 52.232-34, Payment by Electronic Funds Transfer -- Other Than Central Contractor Registration), or applicable agency procedures.
 - (C) EFT banking information is not required if the Government waived the requirement to pay by EFT.
 - (2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C.3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.
 - (h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.
 - (i) Payment. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C.3903) and OMB prompt payment regulations at 5 CFR part 1315. If the Government makes payment by Electronic Funds Transfer (EFT), see 52.212-5 for the appropriate EFT clause. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.
 - (j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:
 - (1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or
 - (2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.
 - (k) Taxes. The contract price includes all applicable Federal, State, and local taxes and duties.
 - (l) Termination for the Government's convenience. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted

<p align="center">CONTINUATION SHEET</p>	<p align="center">Reference No. of Document Being Continued</p> <p align="center">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p align="right">Page 37 of 74</p>
---	--	---

Name of Offeror or Contractor:

from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 327, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

(s) Order of precedence. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

- (1) The schedule of supplies/services.
- (2) The Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts paragraphs of this clause.
- (3) The clause at 52.212-5.
- (4) Addenda to this solicitation or contract, including any license agreements for computer software.
- (5) Solicitation provisions if this is a solicitation.
- (6) Other paragraphs of this clause.
- (7) The Standard Form 1449.
- (8) Other documents, exhibits, and attachments.
- (9) The specification.

(End of Clause)

32 52.248-1 VALUE ENGINEERING FEB/2000

THIS CLAUSE APPLIES TO PACKAGING ONLY.

(a) General. The Contractor is encouraged to develop, prepare, and submit value engineering change proposals (VECP's) voluntarily. The Contractor shall share in any net acquisition savings realized from accepted VECP's, in accordance with the incentive sharing rates in paragraph (f) below.

(b) Definitions.

"Acquisition savings," as used in this clause, means savings resulting from the application of a VECP to contracts awarded by the same contracting office or its successor for essentially the same unit. Acquisition savings include --

- (1) Instant contract savings, which are the net cost reductions on this, the instant contract, and which are equal to the instant unit cost reduction multiplied by the number of instant contract units affected by the VECP, less the Contractor's allowable development and implementation costs;
- (2) Concurrent contract savings, which are net reductions in the prices of other contracts that are definitized and ongoing at the time the VECP is accepted; and
- (3) Future contract savings, which are the product of the future unit cost reduction multiplied by the number of future contract units in the sharing base. On an instant contract, future contract savings include savings on increases in quantities after VECP acceptance that are due to contract modifications, exercise of options, additional orders, and funding of subsequent year requirements on a multiyear contract.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 38 of 74
Name of Offeror or Contractor:		

"Collateral costs," as used in this clause, means agency cost of operation, maintenance, logistic support, or Government-furnished property.

"Collateral savings," as used in this clause, means those measurable net reductions resulting from a VECP in the agency's overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

"Contracting office" includes any contracting office that the acquisition is transferred to, such as another branch of the agency or another agency's office that is performing a joint acquisition action.

"Contractor's development and implementation costs," as used in this clause, means those costs the Contractor incurs on a VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the Contractor incurs to make the contractual changes required by Government acceptance of a VECP.

"Future unit cost reduction," as used in this clause, means the instant unit cost reduction adjusted as the Contracting Officer considers necessary for projected learning or changes in quantity during the sharing period. It is calculated at the time the VECP is accepted and applies either --

(1) Throughout the sharing period, unless the Contracting Officer decides that recalculation is necessary because conditions are significantly different from those previously anticipated; or

(2) To the calculation of a lump-sum payment, which cannot later be revised.

"Government costs," as used in this clause, means those agency costs that result directly from developing and implementing the VECP, such as any net increases in the cost of testing, operations, maintenance, and logistics support. The term does not include the normal administrative costs of processing the VECP or any increase in this contract's cost or price resulting from negative instant contract savings.

"Instant contract," as used in this clause, means this contract, under which the VECP is submitted. It does not include increases in quantities after acceptance of the VECP that are due to contract modifications, exercise of options, or additional orders. If this is a multiyear contract, the term does not include quantities funded after VECP acceptance. If this contract is a fixed-price contract with prospective price redetermination, the term refers to the period for which firm prices have been established.

"Instant unit cost reduction" means the amount of the decrease in unit cost of performance (without deducting any Contractor's development or implementation costs) resulting from using the VECP on this, the instant contract. If this is a service contract, the instant unit cost reduction is normally equal to the number of hours per line-item task saved by using the VECP on this contract, multiplied by the appropriate contract labor rate.

"Negative instant contract savings" means the increase in the cost or price of this contract when the acceptance of a VECP results in an excess of the Contractor's allowable development and implementation costs over the product of the instant unit cost reduction multiplied by the number of instant contract units affected.

"Net acquisition savings" means total acquisition savings, including instant, concurrent, and future contract savings, less Government costs.

"Sharing base," as used in this clause, means the number of affected end items on contracts of the contracting office accepting the VECP.

"Sharing period," as used in this clause, means the period beginning with acceptance of the first unit incorporating the VECP and ending at a calendar date or event determined by the contracting officer for each VECP.

"Unit," as used in this clause, means the item or task to which the Contracting Officer and the Contractor agree the VECP applies.

"Value engineering change proposal (VECP)" means a proposal that --

(1) Requires a change to this, the instant contract, to implement; and

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 39 of 74
Name of Offeror or Contractor:		

(2) Results in reducing the overall projected cost to the agency without impairing essential functions or characteristics; provided, that it does not involve a change --

(i) In deliverable end item quantities only;

(ii) In research and development (R&D) end items or R&D test quantities that is due solely to results of previous testing under this contract; or

(iii) To the contract type only.

(c) VECP preparation. As a minimum, the Contractor shall include in each VECP the information described in subparagraphs (c)(1) through (8) below. If the proposed change is affected by contractually required configuration management or similar procedures, the instructions in those procedures relating to format, identification, and priority assignment shall govern VECP preparation. The VECP shall include the following:

(1) A description of the difference between the existing contract requirement and the proposed requirement, the comparative advantages and disadvantages of each, a justification when an item's function or characteristics are being altered, the effect of the change on the end item's performance, and any pertinent objective test data.

(2) A list and analysis of the contract requirements that must be changed if the VECP is accepted, including any suggested specification revisions.

(3) Identification of the unit to which the VECP applies.

(4) A separate, detailed cost estimate for

- (i) the affected portions of the existing contract requirement and
- (ii) the VECP.

The cost reduction associated with the VECP shall take into account the Contractor's allowable development and implementation costs, including any amount attributable to subcontracts under the Subcontracts paragraph of this clause, below.

(5) A description and estimate of costs the Government may incur in implementing the VECP, such as test and evaluation and operating and support costs.

(6) A prediction of any effects the proposed change would have on collateral costs to the agency.

(7) A statement of the time by which a contract modification accepting the VECP must be issued in order to achieve the maximum cost reduction, noting any effect on the contract completion time or delivery schedule.

(8) Identification of any previous submissions of the VECP, including the dates submitted, the agencies and contract numbers involved, and previous Government actions, if known.

(d) Submission. The Contractor shall submit VECP's to the Contracting Officer, unless this contract states otherwise. If this contract is administered by other than the contracting office, the Contractor shall submit a copy of the VECP simultaneously to the Contracting Officer and to the Administrative Contracting Officer.

(e) Government action.

(1) The Contracting Officer will notify the Contractor of the status of the VECP within 45 calendar days after the contracting office receives it. If additional time is required, the Contracting Officer will notify the Contractor within the 45-day period and provide the reason for the delay and the expected date of the decision. The Government will process VECP's expeditiously; however, it will not be liable for any delay in acting upon a VECP.

(2) If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Government. The Contracting Officer may require that the Contractor provide written notification before undertaking significant expenditures for VECP effort.

Name of Offeror or Contractor:

(3) Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this contract citing this clause and made either before or within a reasonable time after contract performance is completed. Until such a contract modification applies a VECP to this contract, the Contractor shall perform in accordance with the existing contract. The decision to accept or reject all or part of any VECP is a unilateral decision made solely at the discretion of the Contracting Officer.

(f) Sharing rates. If a VECP is accepted, the Contractor shall share in net acquisition savings according to the percentages shown in the table below. The percentage paid the Contractor depends upon --

- (1) This contract's type (fixed-price, incentive, or cost-reimbursement);
- (2) The sharing arrangement specified in paragraph (a) above (incentive, program requirement, or a combination as delineated in the Schedule); and
- (3) The source of the savings (the instant contract, or concurrent and future contracts), as follows:

CONTRACTOR'S SHARE OF NET ACQUISITION SAVINGS

(Figures in percent)

Contract Type	Incentive (Voluntary)		Program Requirement (Mandatory)	
	Instant Contract Rate	Concurrent and Future Contract Rate	Instant Contract Rate	Concurrent and Future Contract Rate
Fixed-price (includes fixed-price-award-fee; excludes other fixed-price incentive contracts)	* 50	* 50	* 25	25
Incentive (fixed-price or cost) (other than award fee)	(**)	* 50	(**)	25
Cost-reimbursement (includes cost-plus-award-fee; excludes other cost-type incentive Contracts)	*** 25	*** 25	15	15

- * The Contracting Officer may increase the Contractor's sharing rate to as high as 75 percent for each VECP.
- ** Same sharing arrangement as the contract's profit or fee adjustment formula.
- *** The Contracting Officer may increase the Contractor's sharing rate to as high as 50 percent for each VECP.

(g) Calculating net acquisition savings.

- (1) Acquisition savings are realized when
 - (i) the cost or price is reduced on the instant contract,
 - (ii) reductions are negotiated in concurrent contracts,
 - (iii) future contracts are awarded, or
 - (iv) agreement is reached on a lump-sum payment for future contract savings (see subparagraph (i)(4) below).

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 41 of 74
Name of Offeror or Contractor:		

Net acquisition savings are first realized, and the Contractor shall be paid a share, when Government costs and any negative instant contract savings have been fully offset against acquisition savings.

(2) Except in incentive contracts, Government costs and any price or cost increases resulting from negative instant contract savings shall be offset against acquisition savings each time such savings are realized until they are fully offset. Then, the Contractor's share is calculated by multiplying net acquisition savings by the appropriate Contractor's percentage sharing rate (see paragraph (f) above). Additional Contractor shares of net acquisition savings shall be paid to the Contractor at the time realized.

(3) If this is an incentive contract, recovery of Government costs on the instant contract shall be deferred and offset against concurrent and future contract savings. The Contractor shall share through the contract incentive structure in savings on the instant contract items affected. Any negative instant contract savings shall be added to the target cost or to the target price and ceiling price, and the amount shall be offset against concurrent and future contract savings.

(4) If the Government does not receive and accept all items on which it paid the Contractor's share, the Contractor shall reimburse the Government for the proportionate share of these payments.

(h) Contract adjustment. The modification accepting the VECF (or a subsequent modification issued as soon as possible after any negotiations are completed) shall --

(1) Reduce the contract price or estimated cost by the amount of instant contract savings, unless this is an incentive contract;

(2) When the amount of instant contract savings is negative, increase the contract price, target price and ceiling price, target cost, or estimated cost by that amount;

(3) Specify the Contractor's dollar share per unit on future contracts, or provide the lump-sum payment;

(4) Specify the amount of any Government costs or negative instant contract savings to be offset in determining net acquisition savings realized from concurrent or future contract savings; and

(5) Provide the Contractor's share of any net acquisition savings under the instant contract in accordance with the following:

- (i) Fixed-price contracts -- add to contract price.
- (ii) Cost-reimbursement contracts -- add to contract fee.

(i) Concurrent and future contract savings.

(1) Payments of the Contractor's share of concurrent and future contract savings shall be made by a modification to the instant contract in accordance with subparagraph (h)(5) above. For incentive contracts, shares shall be added as a separate firm-fixed-price line item on the instant contract. The Contractor shall maintain records adequate to identify the first delivered unit for 3 years after final payment under this contract.

(2) The Contracting Officer shall calculate the Contractor's share of concurrent contract savings by --

(i) Subtracting from the reduction in price negotiated on the concurrent contract any Government costs or negative instant contract savings not yet offset; and

(ii) Multiplying the result by the Contractor's sharing rate.

(3) The Contracting Officer shall calculate the Contractor's share of future contract savings by --

(i) Multiplying the future unit cost reduction by the number of future contract units scheduled for delivery during the sharing period;

(ii) Subtracting any Government costs or negative instant contract savings not yet offset; and

(iii) Multiplying the result by the Contractor's sharing rate.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 42 of 74
Name of Offeror or Contractor:		

(4) When the Government wishes and the Contractor agrees, the Contractor's share of future contract savings may be paid in a single lump sum rather than in a series of payments over time as future contracts are awarded. Under this alternate procedure, the future contract savings may be calculated when the VECP is accepted, on the basis of the Contracting Officer's forecast of the number of units that will be delivered during the sharing period. The Contractor's share shall be included in a modification to this contract (see subparagraph (h)(3) above) and shall not be subject to subsequent adjustment.

(5) Alternate no-cost settlement method. When, in accordance with subsection 48.104-4 of the Federal Acquisition Regulation, the Government and the Contractor mutually agree to use the no-cost settlement method, the following applies:

(i) The Contractor will keep all the savings on the instant contract and on its concurrent contracts only.

(ii) The Government will keep all the savings resulting from concurrent contracts placed on other sources, savings from all future contracts, and all collateral savings.

(j) Collateral savings. If a VECP is accepted, the Contracting Officer will increase the instant contract amount as specified in paragraph (h)(5) of this clause, by a rate from 20 to 100 percent, as determined by the Contracting Officer, of any projected collateral savings determined to be realized in a typical year of use after subtracting any Government costs not previously offset. However, the Contractor's share of collateral savings will not exceed the contract's firm-fixed-price, target price, target cost, or estimated cost, at the time the VECP is accepted, or \$100,000, whichever is greater. The Contracting Officer will be the sole determiner of the amount of collateral savings.

(k) Relationship to other incentives. Only those benefits of an accepted VECP not rewardable under performance, design-to-cost (production unit cost, operating and support costs, reliability and maintainability), or similar incentives shall be rewarded under this clause. However, the targets of such incentives affected by the VECP shall not be adjusted because of VECP acceptance. If this contract specifies targets but provides no incentive to surpass them, the value engineering sharing shall apply only to the amount of achievement better than target.

(l) Subcontracts. The Contractor shall include an appropriate value engineering clause in any subcontract of \$100,000 or more and may include one in subcontracts of lesser value. In calculating any adjustment in this contract's price for instant contract savings (or negative instant contract savings), the Contractor's allowable development and implementation costs shall include any subcontractor's allowable development and implementation costs, and any value engineering incentive payments to a subcontractor, clearly resulting from a VECP accepted by the Government under this contract. The Contractor may choose any arrangement for subcontractor value engineering incentive payments; provided, that the payments shall not reduce the Government's share of concurrent or future contract savings or collateral savings.

(m) Data. The Contractor may restrict the Government's right to use any part of a VECP or the supporting data by marking the following legend on the affected parts:

These data, furnished under the Value Engineering clause of contract _____, shall not be disclosed outside the Government or duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate a value engineering change proposal submitted under the clause. This restriction does not limit the Government's right to use information contained in these data if it has been obtained or is otherwise available from the Contractor or from another source without limitations.

If a VECP is accepted, the Contractor hereby grants the Government unlimited rights in the VECP and supporting data, except that, with respect to data qualifying and submitted as limited rights technical data, the Government shall have the rights specified in the contract modification implementing the VECP and shall appropriately mark the data. (The terms "unlimited rights" and "limited rights" are defined in Part 27 of the Federal Acquisition Regulation.)

(End of Clause)

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 43 of 74
Name of Offeror or Contractor:		

33 252.204-7004 REQUIRED CENTRAL CONTRACTOR REGISTRATION MAR/2000

(a) Definitions. As used in this clause--

(1) Central Contractor Registration (CCR) database means the primary DoD repository for contractor information required for the conduct of business with DoD.

(2) Data Universal Numbering System (DUNS) number means the 9-digit number assigned by Dun and Bradstreet Information Services to identify unique business entities.

(3) Data Universal Numbering System +4 (DUNS+4) number means the DUNS number assigned by Dun and Bradstreet plus a 4-digit suffix that may be assigned by a parent (controlling) business concern. This 4-digit suffix may be assigned at the discretion of the parent business concern for such purposes as identifying subunits or affiliates of the parent business concern.

(4) Registered in the CCR database means that all mandatory information, including the DUNS number or the DUNS+4 number, if applicable, and the corresponding Commercial and Government Entity (CAGE) code, is in the CCR database; the DUNS number and the CAGE code have been validated; and all edits have been successfully completed.

(b)

(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the CCR database prior to award, during performance, and through final payment of any contract resulting from this solicitation, except for awards to foreign vendors for work to be performed outside the United States.

(2) The offeror shall provide its DUNS or, if applicable, its DUNS+4 number with its offer, which will be used by the Contracting Officer to verify that the offeror is registered in the CCR database.

(3) Lack of registration in the CCR database will make an offeror ineligible for award.

(4) DoD has established a goal of registering an applicant in the CCR database within 48 hours after receipt of a complete and accurate application via the Internet. However, registration of an applicant submitting an application through a method other than the Internet may take up to 30 days. Therefore, offerors that are not registered should consider applying for registration immediately upon receipt of this solicitation.

(c) The Contractor is responsible for the accuracy and completeness of the data within the CCR, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to confirm on an annual basis that its information in the CCR database is accurate and complete.

(d) Offerors and contractors may obtain information on registration and annual confirmation requirements by calling 1-888-227-2423, or via the Internet at <http://www.ccr.gov>.

[End of Clause]

34 252.246-7000 MATERIAL INSPECTION AND RECEIVING REPORT DEC/1991
At the time of each delivery of supplies or services under this contract, the Contractor shall prepare and furnish to the Government a material inspection and receiving report in the manner and to the extent required by Appendix F, MATERIAL INSPECTION AND RECEIVING REPORT, of the Defense FAR Supplement.

(End of clause)

35 52.204-4005 REQUIRED USE OF ELECTRONIC COMMERCE MAY/2000
(TACOM)

(a) All contract awards, modifications and delivery orders issued by TACOM will be issued electronically. The contractor has the option to receive these actions either via the Worldwide Web (WWW) or Electronic Data Interchange (EDI). Many provisions/clauses that appear "by reference", meaning only clause titles and regulation site are listed; their full texts can be found at the website <http://farsite.hill.af.mil/>

(b) In order to be eligible to receive an award under this solicitation, the successful offeror must be registered with the

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 44 of 74
--------------------	---	---------------

Name of Offeror or Contractor:

Department of Defense (DOD) Central Contractor Registration (CCR). The CCR registration process may be done electronically at the World Wide Web (WWW) site: <http://www.ccr2000.com> . (In order to be registered to use EDI, you must use the long form for registration. Certification information, including information on the EDI 838 TPP, must be furnished to the Contracting Officer within 60 calendar days after contract award to complete networking requirements within the Government.)

(c) Worldwide Web Distribution. The contractor will receive an electronic Notice of the Award, Modification, or Delivery Order via e-mail. If you choose the WWW option, you must download the file from the appropriate TACOM webpage:

Warren: http://contracting.tacom.army.mil/awards_official.htm
Rock Island: <http://aais.ria.army.mil/AAIS/AWDINFO/index.htm>
Picatinny: <http://procnet.pica.army.mil/Contracts/Index.htm>
Red River Army Depot: <http://www.redriver.army.mil/contracting/Awards>
Anniston Army Depot: <http://www.anadprocnet.army.mil>

(d) Electronic Data Interchange. If you choose to receive contract awards, modifications and delivery orders through EDI, they will be delivered electronically via the Federal Acquisition Network (FACNET). Federal Standard Version 3050 of Standard X12 from the American National Standards Institute (ANSI) will be used as the format for these electronic transactions.

(1) You must complete the EDI 838 Trading Partner Profile, and must agree (i) to subcontract with a DoD certified VAN or Value Added Service (VAS) provider, or (ii) to become DoD certified as a Value Added Network (VAN). The EDI 838 Training Partner Profile is contained in the basic CCR registration form and includes portions of the registration form which are titled "Optional".

(2) You must select a VAN from the official DoD approved list. DoD Certified VANs are listed at <http://www.acq.osd.mil/ec/ecip/index.htm> . If your VAN is later removed from the official list, or if you voluntarily drop your initially selected VAN, then you must switch to a VAN that remains on the official DoD approved list. You must maintain an active account on a DoD approved VAN for the entire duration of the contract, beginning no later than the 60th day after award.

(e) Additional information can be obtained by sending a message to: acqcenweb@tacom.army.mil or by calling (810) 574-7059.

[End of Clause]

36	52.204-4009 (TACOM)	MANDATORY USE OF CONTRACTOR TO GOVERNMENT ELECTRONIC COMMUNICATION	JUN/1999
----	------------------------	--	----------

(a) All references in the contract to the submission of written documentation shall mean electronic submission. All electronic submissions shall be in the formats and media described in the "Electronic Quotations/Offer/Bids Required in Response to this Request for Quotations/Proposals/Bids" clause elsewhere in this document. (See Section K for commercial acquisitions, Section L for RFPs, and Section I for RFQs.)

(b) This shall include all written unclassified communications between the Government and the Contractor except contract awards and contract modifications which shall be posted on the internet. Return receipt shall be used if a commercial application is available. Classified information shall be handled in full accordance with the appropriate security requirements.

(c) In order to be contractually binding, all Government communications requiring a Contracting Officer signature must be sent from the Contracting Officer's e-mail address. The Contractor shall designate the personnel with signature authority who can contractually bind the contractor. All binding contractor communication shall be sent from this contractor e-mail address(es).

(d) Upon award, the Contractor shall provide the Contracting Officer with a list of e-mail addresses for all administrative and technical personnel assigned to this contract.

(e) Unless exempted by the Procuring Contracting Officer in writing, all unclassified written communication after contract award shall be transmitted electronically.

[End of Clause]

37	52.209-4007 (TACOM)	PROVISION FOR WAIVER OF REQUIRED FIRST ARTICLE APPROVAL	DEC/1996
----	------------------------	---	----------

(a) As the Government, we may waive the requirement entitled FIRST ARTICLE APPROVAL as provided in this solicitation, provided that offeror meets these following conditions:

(1) Offeror must submit a request for waiver as an integral part of his response to this solicitation. The request for waiver should be accompanied by documentation in support of the request, such as a copy of an ACO's letter approving a First Article

<p style="text-align: center;">CONTINUATION SHEET</p>	<p style="text-align: center;">Reference No. of Document Being Continued</p> <p style="text-align: center;">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p style="text-align: center;">Page 45 of 74</p>
--	--	---

Name of Offeror or Contractor:

Test Report on a recent contract for the item, or a copy of a First Article Test Report for the same or a similar item as that herein solicited, which item has been tested and approved under the same or substantially similar specifications as those herein referenced. If a copy of a First Article Test Report is submitted in support of a request for waiver under this solicitation, the Test Report must have been approved and signed by an authorized representative of the Government.

(2) Offeror must indicate in the spaces below the contract numbers under which the same or similar items as those herein solicited have been provided to and accepted by the Government.

(b) Note that if we grant a waiver to the successful offeror, an accelerated delivery schedule will apply.

[End of Provision]

38	52.209-4008	CAUTION CONCERNING THE PRICING OF FIRST ARTICLE APPROVAL	APR/1986
	(TACOM)		

Offeror is cautioned to enter prices for first article items and for production items that reflect a fair apportionment of total contract costs, based upon the value to be received for those items by the Government. As the Government, we have the right to determine an offer nonresponsive if it is materially unbalanced as to price. An offer is materially unbalanced as to price when, in the judgment of the Procuring Contracting Officer (PCO), it cites prices that are significantly less than cost for some work, and significantly more than cost for other work.

[End of Provision]

39	52.209-4012	NOTICE REGARDING FIRST ARTICLE	APR/2000
	(TACOM)		

(a) Notwithstanding the provisions for waiver of first article, an additional first article sample (or portion thereof) may be ordered by the Contracting Officer in writing when (i) a major change is made to the technical data, (ii) whenever there is a lapse in production for a period in excess of one year, or (iii) whenever a change occurs in place of performance, manufacturing process, material used, drawing, specification or source of supply.

(b) When any of the conditions above occurs, the Contractor shall notify the Contracting Officer so that a determination can be made concerning the need for the additional first article sample (or portion thereof), and instructions can be provided concerning the submission, inspection, and notification of results.

(c) Costs of any additional testing and inspection resulting from conditions specified above shall be borne by the Contractor, unless the change was directed by the Government. Further, any production delays caused by additional testing and inspection will not be the basis for an excusable delay as defined in the default clause of this contract. Such delays shall not form the basis for adjustment in contract price or delivery schedule.

[End of Clause]

40	52.211-4047	NOTICE TO OFFERORS INTENDING TO OFFER OTHER THAN NEW MATERIAL	APR/2000
	(TACOM)	(NEGOTIATED)	

(a) We intend to acquire only new material. Unless this contract otherwise requires virgin material or supplies composed of, or manufactured from, virgin material, the contractor shall provide supplies that are new, as defined in this clause.

(b) Definitions:

(1) "New" means composed of previously unused components, whether manufactured from virgin material, recovered material in the form of raw material, or materials and by-products generated from, and reused within, an original manufacturing process; provided that the supplies meet contract requirements, including but not limited to, performance, reliability, and life expectancy.

(2) "Reconditioned" means restored to the original normal operating condition by readjustments and material replacement.

(3) "Recovered material" means waste materials and by-products that have been recovered or diverted from solid waste including post-consumer material, but such term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(4) "Remanufactured" means factory rebuilt to original specifications.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 46 of 74
--------------------	---	---------------

Name of Offeror or Contractor:

- (5) "Virgin material" means previously unused raw material, including previously unused copper, aluminum, lead, zinc, iron, other metal or metal ore, or any undeveloped resource that is, or with new technology will become, a source of raw materials
- (6) "Residual Inventory" means inventory from a transferred or terminated Government or commercial contract.
- (c) Used, reconditioned, remanufactured supplies, unused former Government surplus property, or residual inventory shall not be used unless the contractor has proposed the use of such supplies, and the Contracting Officer has authorized their use.
- (d) Offers to provide other than new material shall be submitted to the Contracting Officer for approval:
- (7) A proposal to provide unused former Government surplus property shall include a complete description of the material, the quantity, the name of the Government agency from which acquired, and the date of acquisition.
- (8) A proposal to provide used, reconditioned, or remanufactured supplies shall include a detailed description of such supplies.
- (9) A proposal to provide residual inventory shall include the Government or commercial contract number of the terminated contract and the name of the original contractor.
- (e) If the use of used, reconditioned, remanufactured items, unused former Government surplus property, or residual inventory are approved by the Contracting Officer, we may require you to meet specific marking, inspection, and testing requirements beyond those found in this solicitation. We will negotiate these additional requirements with you before award and put them in any resulting contract.

[End of Clause]

41	52.214-4003	ALL OR NONE	JUN/1985
	(TACOM)		

Only one award will be made as a result of this solicitation. Offers must be submitted for the total quantity of all the items listed. Offers for less than the total quantities of all the items will not be considered.

[End of Clause]

42	52.223-4000	ENVIRONMENTAL, SAFETY, AND ENERGY STANDARDS AND REGULATIONS	SEP/1978
	(TACOM)		

- (a) The contract price includes Contractor compliance with all federal vehicle emission, fuel economy, safety, and noise requirements and standards, hereinafter referred to as requirements, affecting the supplies to be delivered under this contract which, as of the time of bid opening in the case of sealed bidding, or as of the time for receipt of Best and Final Offers (BAFOs) in the case of a negotiated solicitation, were in effect or scheduled to become effective during the term of this contract.
- (b) In the event any of these requirements are subsequently changed (i.e., altered, rescinded or postponed) and such changes have not been otherwise provided for prior to the award of this contract, and compliance is mandatory upon the Contractor, and such changes cause an increase or decrease in the cost of, or time required to perform the contract, Contractor compliance with these changes shall be subject to equitable adjustment.
- (c) If any of these requirements are changed as described above, but compliance is optional on the part of the Contractor, the Contractor shall promptly notify the Government in writing and the Procuring Contracting Officer (PCO) shall have the right to decide whether the supplies yet to be accepted and delivered to the Government shall incorporate the optional changes. After receipt of this written notice the PCO shall provide timely written advice to the Contractor of the Government's decision and, if applicable, the effective data of such change(s). If the PCO's election constitutes a change which causes an increase or decrease in the cost of, or time required to perform this contract, Contractor compliance therewith shall be subject to equitable adjustment.

43	52.246-4005	INSPECTION AND ACCEPTANCE POINTS: ORIGIN	FEB/1995
	(TACOM)		

The Government's inspection and acceptance of the supplies offered under this order shall take place at ORIGIN. Offeror must specify below the exact name and address of his facility, or his subcontractor's facility, where supplies to be furnished under this order will be available for origin inspection

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 48 of 74
Name of Offeror or Contractor:		

45 52.246-4024 SUBSTITUTING COMMERCIAL TEST RESULTS FOR REQUIRED CONTRACT TESTS APR/2000
 (TACOM)

1. GENERAL. At your request, we may delete all or some of the Government or contractor conducted tests required by this contract, under the following conditions:

a. You have (or your supplier has) previously supplied the identical item to us and we've accepted it, or:

b. You have commercial test reports, performance data, analytical data, or vendor reports demonstrating that the item meets the contract requirements.

2. HOW TO SUBMIT A TEST DELETION REQUEST.

a. BEFORE CONTRACT AWARD - Submit your request along with your response to the solicitation. Make sure that your offer includes an alternate price (that reflects how your price would change if we approved your request). If we approve your request to delete test requirements or substitute commercial testing procedures, we will evaluate your offer at the alternate price submitted with your request. If you don't submit an alternate price with your request, we'll evaluate your offer at the price indicated in the Schedule of the solicitation. No adjustments will be made to the price after contract award.

b. AFTER CONTRACT AWARD - Send your request to the buyer identified on the face page of the contract within 45 days after contract award.

c. ALL REQUESTS MUST -

- (1) identify the test(s) you want deleted;
- (2) state the basis for your request;
- (3) include a list of configuration changes made;
- (4) demonstrate that you meet the conditions in paragraph 1a or 1b above;
- (5) if request is prior to award, include an alternate price per paragraph 2a above;
- (6) include proposed amount of equitable adjustment (if change is requested after award)

3. SUPPORTING DATA. If we agree to delete a test or tests, you must keep the data you used to support your request for four years from the day we approved your request. You must provide us with this data if we ask for a copy.

4. CONTRACT ADJUSTMENT. If we agree to delete a test or tests after contract award, we may negotiate an equitable adjustment in the contract price, under the Changes clause (FAR 52.243-1).

46 52.246-4025 HIGHER-LEVEL CONTRACT QUALITY REQUIREMENT -- TACOM QUALITY SYSTEM MAR/2000
 (TACOM) REQUIREMENT

(a) This solicitation will result in a purchase order that will require the contractor to use a quality-assurance system to ensure the quality of the purchased items.

(b) To allow TACOM to analyze your proposed quality system, especially if that system is not based on a national or international standard, you must identify your system as part of your response to this solicitation. Paragraph f (below) asks you to identify what quality-assurance system you will use.

(1) If you indicate that your quality system conforms to one of the ISO 9000-series standards, or to QS 9000, or to ANSI/ASQ 9001 or 9002, this is a sufficient description: you need not further describe your quality system in your response to the solicitation.

(2) If your quality system does not conform to any of the standards listed in (b)(1) immediately above, then in addition to identifying the name of the quality system you intend to use, you also must provide a description of your proposed system, in enough detail to let us assess its suitability for use in performing the resulting order. This is of particular importance if your proposed system is unique, using quality control methods and techniques that your company has developed in-house. (Note, however, that if the quality system you intend to use is one that conforms to MIL-Q-9858, MIL-I-45208, or another comparable military specification or standard, you don't need to send us a copy of the standard: just identify which standard you intend to use).

- (3) If you provide a description of your quality system, make sure that your description covers how your system:
 - achieves defect prevention, and
 - provides process control, and
 - ensures adequate quality controls throughout all areas of performance.

If some of the features of your system are described in other forms (brochures, for example, or articles), you may attach a copy of such

<p align="center">CONTINUATION SHEET</p>	<p align="center">Reference No. of Document Being Continued</p> <p align="center"> PIIN/SIIN DAAE07-03-R-T012 MOD/AMD </p>	<p align="right">Page 49 of 74</p>
---	--	---

Name of Offeror or Contractor:

items to your response to this solicitation. If your system is described in a textbook or publication that is available from a commercial or academic distributor, include a reference to the publication by author, title, copyright date, and publisher in your system description. You need not physically attach a copy of a textbook to your offer.

(c) If you already described your quality system as an attachment to another TACOM solicitation within the previous 90 days, you can either send us another copy, or simply identify the number of the previous solicitation.

(d) If you do not provide us a description of your quality system, or if the description you send does not show all of the required features as stated in paragraph (b) above, your offer may be ineligible for award.

(e) As the contractor, you shall implement and maintain a quality system that ensures the functional and physical conformity of all products or services you furnish under this contract. Your quality system shall achieve (i) defect prevention and (ii) process control, providing adequate quality controls throughout all areas of performance.

(f) Your quality system may be based on (i) international quality standards such as the ISO 9000 series, or (ii) military, or (iii) commercial, or (iv) national quality standards. You represent that your performance under this contract will be in accordance with your quality system, which is in compliance with:

- ☐ ISO 9001
- ☐ ISO 9002
- ☐ QS 9000
- ☐ ANSI/ASQ Q9001
- ☐ ANSI/ASQ Q9001
- ☐ Other, specifically _____

(Note: if you check the other block because you intend to use an in-house quality system, or one based on a commercial, national, or international system not identified above, then in addition to identifying your proposed system in the space above, to the right of the word other, you must attach a description of this system to your offer in response to the solicitation, so that we can assess its suitability. If you receive an award, your proposed system will be required.)

(g) Certification of compliance or registration of the quality system you identify above, by an independent standards organization or auditor, does not need to be furnished to us under this contract. However, you may attach a copy of such certification with your offer in response to the solicitation, as proof of system compliance.

(h) At any point during performance, we have the right to review your quality system to assess its effectiveness in meeting requirements.

[End of Clause]

47	52.246-4026	LOCAL ADDRESS FOR DD FORM 250	MAR/2002
	(TACOM)		

(a) The contractor must provide a copy of each Material Inspection and Receiving Report (DD 250) pertaining to this contract, to the addresses given below, using either of the following methods:

- (1) Our first preference is for you to use electronic mail (e-mail), using the following e-mail address:

DD250@tacom.army.mil

- (2) Our second preference is for you to use data facsimile (datafax) transmission, using this fax number:

(586) 574-7552 and use "DD250 mailbox" in the "to:" block of your fax cover or header sheet.

In either method, do not mix DD250s from more than one contract in a single transmmission. That is, you may submit multiple DD250s in a single transmission, but they must all be against the same contract.

(b) These copies meet the requirements for the Purchasing Office copy and the Army Inventory Control Manager copy listed in tables 1 and 2 of DFARS Appendix F.

- (c) The DD250 form may be found, in three different formats, on the World Wide Web at <http://web1.whs.osd.mil/icdhome/DD-0999.htm>

48 52.247-4005 SHIPMENT OF SUPPLIES AND DETENTION OF CARRIER'S EQUIPMENT FEB/2002
 (TACOM)

(a) Unless otherwise directed, shipment items under this contract in following order of priority:

- (1) Government Bill(s)/Commercial of Lading or US Postal Services;
- (2) Prepaid Commercial Bill(s) of Lading with transportation charges entered as a separate item on the invoice; or
- (3) As otherwise instructed when the contract prohibits use of Government funds for transportation costs.

(b) The Contractor will request:

- (1) Government Bills of Lading and

(2) Routing and other instructions, including MILSTAMP (Military Standard Transportation and Movement Procedure), as to the methods of shipment to be followed by the Contractor, or

(c) The Contractor and subcontractor(s) must allow prompt and convenient access of carrier's equipment to loading docks or platforms where the contract items supplies will be loaded. Any charges for detention of carrier's equipment shall be for the account of the Contractor, except when the detention is required or caused by the Government.

[End of Clause]

49 52.247-4016 HEAT TREATMENT AND MARKING OF WOOD PACKAGING MATERIALS JUL/2002
 (TACOM)

ALL NON-MANUFACTURED WOOD USED IN PACKAGING SHALL BE HEAT TREATED TO A CORE TEMPERATURE OF 56 DEGREES CELSIUS FOR A MINIMUM OF 30 MINUTES. THE BOX/PALLET MANUFACTURER AND THE MANUFACTURER OF WOOD USED AS INNER PACKAGING SHALL BE AFFILIATED WITH AN INSPECTION AGENCY ACCREDITED BY THE BOARD OF REVIEW OF THE AMERICAN LUMBER STANDARD COMMITTEE. THE BOX/PALLET MANUFACTURER AND THE MANUFACTURER OF WOOD USED AS INNER PACKAGING SHALL ENSURE TRACEABILITY TO THE ORIGINAL SOURCE OF HEAT TREATMENT. EACH BOX/PALLET SHALL BE MARKED TO SHOW THE CONFORMANCE TO THE INTERNATIONAL PLANT PROTECTION CONVENTION STANDARD. BOXES/PALLETS AND ANY WOOD USED AS INNER PACKAGING MADE OF NON-MANUFACTURED WOOD SHALL BE HEAT TREATED. THE QUALITY MARK SHALL BE PLACED ON BOTH ENDS OF THE OUTER PACKAGING, BETWEEN THE END CLEATS OR END BATTENS; ON TWO SIDES OF THE PALLET.

[End of Clause]

50 52.247-4458 GUARANTEED SHIPPING CHARACTERISTICS--F.O.B. DESTINATION SEP/2000
 (TACOM)

(a) The offeror is required to complete subparagraph (b)(1), (2), and (3), of this clause, for each part or component, including all of its packaging. This information will be used by the Government to perform logistics management functions such as providing item sustainment, planning (e.g. estimating storage costs), and redistribution. You are not liable if you give us wrong information, however since the DOD uses this data in-house in existing data bases and because this information may be used in contingency planning it, we request that the information provided be as accurate as possible.

(b) Definitions of terms commonly used in the packaging and distribution environments are defined in ASTM D996 and should be consulted if any term used herein is in question.

(1) Unit Package:

(i) Specify the type of UNIT PACKAGE for each single unit of issue: A container in direct contact with and enclosing the product along with any required protective materials(s)(e.g. item is wrapped in neutral paper, polyethylene foam cushion wrapped, sealed in a waterproof bag, and placed in a fiberboard box).

(ii) Unit Package Exterior Size/Weight of Unit Package with contents:

STATEMENT OF WORK (SOW) 50 and 100 GPM Fuel Pumping Assemblies

I-51 Pumping assemblies, portable, bulk transfer, fuel pumping service in accordance MIL-PRF-52109G, dated 13 August 1998

a. MIL-PRF-52109G, dated 13 August 1998, Type I, Size 1 - 50 GPM capacity at 100 feet total head, diesel engine driven (DED) CLIN 0011.

(1) The contractor, as an independent Contractor, and not as an agent of the Government, shall prepare and deliver 50 GPM Fuel Pumping Assemblies in accordance with this contract. The 50 GPM Fuel pumping assemblies delivered under this contract shall comply with the technical requirements set forth in MIL-PRF-52109G, dated 13 August 1998, Type I, Size 1 - 50 GPM capacity at 100 feet total head, diesel engine driven (DED) and this contract.

(2) The following is provided in accordance with the requirements of paragraph 6.2 of MIL-PRF-52109G. Offerors are instructed to use the issue of DoDISS in effect on the on the date that this solicitation is issued.

b. MIL-PRF-52109G, dated 13 August 1998, Type I, Size 2 - 100 GPM capacity at 100 feet total head, diesel engine driven (DED) CLIN 0021.

(1) The contractor, as an independent Contractor, and not as an agent of the Government, shall prepare and deliver 100 GPM Fuel Pumping Assemblies in accordance with this contract. The 100 GPM fuel pumping assemblies delivered under this contract shall comply with the technical requirements set forth in MIL-PRF-52109G, dated 13 August 1998, Type I, Size 2 - 100 GPM capacity at 100 feet total head, diesel engine driven (DED) and this contract.

(2) The following is provided in accordance with the requirements of paragraph 6.2 of MIL-PRF-52109G. Offerors are instructed to use the issue of DoDISS in effect on the on the date that this solicitation is issued.

52. Meetings.

a. Start of Work (SOW) Conference: Within thirty (30) days after contract award a Start of Work Conference shall be held at U.S. Army Tank-automotive and Armaments Command (TACOM).

b. A Logistics sub-conference will be part of the start-of-work meeting, and include a MPP (Maintenance, Provisioning, and Publication) Review:

- Maintenance Planning, to review and discuss operator and maintenance functions, the maintenance concept for the system, and diagnostics requirements.
- Provisioning guidance, to provide guidance to the contractor for documenting and submitting provisioning data.
- Publications Meeting, to review and discuss publication requirements

Name of Offeror or Contractor:

4. Other Integrated Logistics Support (ILS) issues.
5. The government and the contractor shall jointly develop an ILS schedule

c. Contract Status Review Conferences: As part of the overall program management effort, the Contractor shall provide technical and managerial representative(s) to attend periodic meetings, on an as needed basis, at least once per year, at TACOM, to review contract status. These reviews shall be for one eight hour day or as specified. Topics to be discussed shall include, but not be limited to, contract status, testing, production, and deliverables. An agenda will be coordinated with the Contractor at least 15 days prior to each meeting and will be developed jointly by the Contractor and the Government.

d. Maintenance, Provisioning, and Publication) Review/ Provisioning Conference
The conference will be held at the contractors facility unless the parties agree to move it a different location.

- (1) MPP Reviews/Provisioning Conference as required beginning 60 days after contract award.
- (2) If needed, follow-on Reviews/Conference every 60 days thereafter.

e. Minutes shall be made of the above meetings and distributed to all parties.

53. Integrated Logistics Support (ILS) Development

a. The contractor shall conduct Supportability Analysis to develop logistics products described in this contract. The contractor shall present an overview of its plan to manage and develop logistic products at start of work meeting. The contractor will use Military Performance (MIL-PRF) Specification 49506 for use in identifying content, format, delivery and related guidance for logistics data except as otherwise identified in this contract.

(1) Maintenance Planning

(a) Maintenance Analysis. The contractor shall conduct a maintenance analysis to determine the maintainability characteristics of the systems. The analysis shall be documented in the contractors format as an logistics management information (LMI) summary entitled Maintenance Analysis, and will identify the maintenance functions, level of maintenance, manpower, spare parts and support equipment required for each repairable item. The analysis will be in end item hardware breakdown sequence, and will also identify Functional Group Codes in accordance with TB 750-93-1 (with Change 5), dated 27 Jun 1983) FOR EACH REPAIRABLE ITEM. This TB can be found at web site <http://www.logsa.army/mil/etms/online.htm>. Instructions are contained in Attachment 004, under Maintenance Analysis. The LMI summary shall be delivered In accordance with Contract Data Requirements List (CDRLs A001 and B001).

(b) This analysis shall be the basis for the development of the Electronic Technical Manual (ETM), Preventive Maintenance Checks and Services (PMCS), Maintenance Allocation Chart (MAC), Repair Parts Special Tools List (RPSTL).

(c) You shall brief the maintenance analysis procedures and strategy you intend to employ at the at the SOW Meeting. Updates to any analysis procedures and strategy shall be briefed at each subsequent MPP (Maintenance, Provisioning and Publication) Program Review(s).

(d) Maintenance Allocation Chart (MAC) Contractor shall prepare and deliver a MAC, In accordance with (MIL-STD-40051A and CDRLs A008 and B008) The Government has 30 days after delivery to approve or disapprove.

54. PROVISIONING

a. Provisioning Contract Control Number (PCCN) and Provisioning Control Code (PCC) for each pump, will be provided at the Start Of Work Meeting. You shall provide a provisioning performance schedule at the Start of Work meeting In accordance with Attachment 004, Provisioning Requirements Statement. This schedule shall provide an estimate of the number of items to be provisioned and the number of conferences that will be required. The maximum number of items at any Maintenance Provisioning and Publications (MPP) Review/Conference shall be 1,500 line items.

b. Provisioning Parts List. The Contractor shall develop and deliver separate LMI, (Provisioning Parts List (PPL)) for each pump, In accordance with DID-ALSS-81529, (attached), CDRLs A002 and B002, and Attachment 004. LMI (PPL) data is required In accordance with MIL-PRF-49506 as specified on the LMI data worksheet for all parts and special tools identified on the 50 GPM and 100 GPM Fuel Pumping Assemblies. Further guidance can be found in MIL-HDBK-502.

c. Provisioning Conference/MPP Review. Unless otherwise directed by the government, a Provisioning Conference will be held at the contractor facility approximately 60 days after contract award. The Contractor shall make available the following at this conference:

- (1) Two hard copies of LMI/PPL data product for each pumping assembly. LSA 036 Summary (PPL) format is acceptable. Data Item A002 and B002.
- (2) One hard copy of the Engineering Data for Provisioning (EDFP) drawings for each part listed on the LMI Data Product that does not have a NSN. Data Items A003 and B003.
- (3) A copy of Pre-Procurement Screening Data Item A004 and B004.

d. This submittal shall include separate PPLs for each Pumping Assembly, but not to exceed 1500 total lines. If needed, an

<p align="center">CONTINUATION SHEET</p>	<p align="center">Reference No. of Document Being Continued</p> <p align="center">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p align="right">Page 53 of 74</p>
---	--	---

Name of Offeror or Contractor:

additional provisioning conference will be scheduled 60 days after the preceding conference. It will cover data in excess of 1500 lines, changes due to FAT or other reviews. You shall make necessary changes and deliver updated LMI data product (PPL) 30 days after completion of review and government concurrence. The government will identify any rejects/errors, 30 days after receipt. The Contractor shall correct all CCSS rejects within 15 calendar days of such notification and resubmit them electronically in ASCII text with accompanying 80/80 listing. The Contractor shall ensure that only those items that are repair parts, special tools, or part of the end item's top-down generation breakdown will be loaded in the PMR. The Government will reject all others. Additional guidance to do provisioning can be found in AMC P 700-25 (Provisioning Guide), at web site <http://www.logsa.army.mil/pubs.htm> , and Quality Provisioning Guidance Book (QAPG), which will be provided upon request.

e. All submissions of the LMI/PPL data must be compatible with our Commodity Command Standard System (CCSS)/Provisioning On Line System, In accordance with ADSM 18-LEA-JBE-ZZZ-UM-06, Provisioning System. (<http://stlouis.wlmp.com/ads/docs/fielded/ums/leajbe06.doc>). The data shall be capable of being loaded into our Provisioning Master Record (PMR) without any modification to the data. CCSS has various methods by which the Contractor can deliver provisioning data and the Government will discuss these methods at the start of work meeting.

f. Contractor On-Line Access:
Access to the Provisioning on-line System (POLS) to make Provisioning Suspense File (PSF) corrections may be provided as an alternate to receiving validation reject reports from us and having to make corrections on a subsequent submittal. This access by modern to the Provisioning on-line System (POLS) will be provided, if requested by you at the MPP Guidance Conference/SOW meeting.

55. Logistics Management Information (LMI) Engineering Data for Provisioning (EDFP) Data Items A003 and B003.

a. EDFP. The Contractor shall prepare the EDFP, i.e. drawings, In accordance with DI-ALSS-81529 (attachment) for all items that when assembled make up the end item In accordance with CDRLs A003 and B003. You will have available one hard copy of the Engineering Data for Provisioning (EDFP) drawings for each part listed on the LMI Data Product that does not have a NSN, at each MPP Reviews/Provisioning Conference.

b. Drawing Information: These drawings shall include a parts list, detail and assembly drawings, interface control data, diagrams, performance characteristics and details of material for each assembly, sub-assembly, spare part, or kit used on the 50 GPM and 100 GPM Pumps. Drawings are not required for items accompanied by a copy of pre-procurement screening (e.g. Haystack, Parts Master, Defense Logistics Service Center (DLSC) or another Government approved screening database) which indicates this item has previously been assigned a valid stock number. The Contractor shall make available drawings, to include the top assembly drawing, at each provisioning conference for Government review. All drawings shall contain the following information:

- (1) Commercial and Government Entity Codes (CAGEC), with authorized signature and date cited.
- (2) Part Number.
- (3) Provisioning Line Item Sequence Number (PLISN). All drawings shall be in Provisioning Line Item Sequence Number (PLISN) sequence.
- (4) Provisioning Contract Control Number (PCCN)
- (5) Nomenclature.
- (6) A brief description to include sizes, grade, surface finish, and coatings for common hardware shall be available in LMI data.

b. Substitutes for drawings, such as commercial catalogs or catalog descriptions, sketches or photographs with brief descriptions or dimensions, material, mechanical, electrical or other descriptive characteristics do not apply. Your use of such drawings substitutes is permitted only by exception, on a case by case basis, by the responsible Provisioning/Cataloging representative.

c After the government approves each drawing as being suitable for National Stock Number (NSN) assignment, the drawings shall be submitted on a Compact Disk-Read Only Memory (CD-ROM) in Adobe Acrobat .PDF file, or some other software product format that the government agrees to, concurrently with each PPL submittal. Text on all drawings shall be in English Language.

d. Pre-Procurement Screening. Data Items A004 and B004.

(1) The Contractor shall conduct pre-procurement screening In accordance with CDRLs A004 and B004 using the following data basis:
Haystack, Parts Master, DLSC or another Government approved screening database, Federal Logistics Information System (FLIS), www.dlis.dla.army.mil, or other methods.

(2) This screening will be done for all items to be provisioned. Screening results must be available to review at each provisioning conference/MPP Review in PLISN sequence showing either NSN hit or no hit for each item listed on the PPL. Contractor will maximize the use of parts already available in the DOD supply system when possible. Screening results will not be older than 60 days prior to Provisioning Conference/review. (EDFP is not required for all items accompanied by a copy of pre-procurement screening which indicates the item has a valid National Stock Number (NSN)).

<p align="center">CONTINUATION SHEET</p>	<p align="center">Reference No. of Document Being Continued</p> <p align="center">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p align="center">Page 54 of 74</p>
---	--	--

Name of Offeror or Contractor:

e. Design Change Notice (DCN) Data Items A005 and B005 (DI - ALLSS-81529, CDRLs A005 and B005). You shall submit DCN information for those design or part number changes which modify, add, delete or supersede any of the operating, maintenance or repair parts information that was previously provided. The information shall be provided at a maximum of 60 working days after Government ECP approval or production change decision has been implemented.

56. PUBLICATION REQUIREMENTS (CDRLs A006 and B006, Attachments 005 and 006)

a. Contractor shall prepare and deliver a separate Operators, Organizational, Direct Support and General Support Maintenance Manual (Including Repair Parts And Special Tools List) for the 50 GPM and the 100 GPM Pumping Assemblies.

50 GPM Pump: (TM 10-4320-XXX-14&P) Complete TM Number for each manual will be provided by TACOM.
100 GPM Pump: (TM 10-4320-XXX-14&P) Complete TM Number for each manual will be provided by TACOM.

b. Prepare TMs In accordance with MIL-STD-40051A, Department of Defense Standard Practice, Preparation of Digital Technical Information for Multi-Output Presentation of Technical Manuals. CDRLs A006 and B006 (web site: www.logsa.army.mil/mil40051/menu.htm) These manuals shall cover all components of each Pumping Assembly.

c. For guidance only, use MIL-HDBK-1222, Department of Defense Handbook, Guide to the General Style and Format of US Army Work Package Technical Manuals and MIL-STD-2361A, DoD Interface Standard Digital Publications development (<http://www.logsa.army.mil/mil40051/menu.htm>)

d. Electronic Technical Manuals (ETMs) (Adobe Acrobat.pdf) (CDRLs A006 and B006, Attachments 005 and 006).

(1) The Contractor shall prepare and deliver a separate Electronic Technical Manual (ETM) for each pump on this contract. This ETM will be based on the approved FDEP In accordance with Attachments 005 and 006 and the related CDRL.

(2) The contractor shall ensure that the government has the right to use and distribute the ETMs and electronic data files delivered under this contract. The contractor shall correct all errors found in the manuals, and ETMs resulting from contractor and government reviews, test or validation/verification at no additional cost to the government.

(3) The Contractor shall provide the Government with validated ETM and paper Final Draft Equipment Publication (FDEP) manuals in accordance with the CDRLs A006 and B006. The Contractor, at no additional charge to the Government, shall correct all errors discovered by the Government during Verification or by the Contractor during Validation. All changes to the configuration shall be accurately reflected in the final ETM and FDEP The paper copy draft and the ETMs shall be mutually inclusive of data, text and art, and format.

e. Technical Manual Validation and Verification

(1) You shall develop a validation/verification plan, which the government will review prior to implementation. You shall conduct a combined validation/verification for the technical manuals being created for each pumping assembly.

(2) You shall demonstrate your process and controls to incorporate the operating and maintenance procedures and repair parts into the technical manuals. You remain responsible for the quality, adequacy of the data and adequacy of manuals. We reserve the right to monitor your technical manual validation/verification on the vehicle systems.

(3) The validation/verification shall take place at your facility, utilizing the indoors bay area. Fifteen days prior to the validation/verification, we will determine what procedures will be verified. We will provide a user representative to conduct verification. You will provide a representative to maintain a master markup. You shall correct all errors we discover in the technical manuals during our quality review, at no additional cost to the Government. You will be responsible for ensuring that all mandatory replacement parts, expendable supplies, and common and special tools are on site prior to the start of the validation/verification.

(4) Our acceptance of the manuals during the validation/verification process is contingent on your demonstrating that your quality procedures were implemented and effective. If the technical manuals contain errors, which exceed the stated objectives of your quality program, we reserve the right to conduct a separate verification program.

57. SPECIAL TOOLS AND TEST EQUIPMENT LIST Data Items A007 and B007

The contractor shall deliver a priced Special Tools and Test Equipment List in accordance with DI-ILSS-80868(T) and CDRLs A007 and B007. The list shall provide individual prices for each item on the list. It shall include those peculiar support items that are required to support and maintain the system name throughout its life cycle. Special Tools are defined as tools not found in the Armys General Mechanics Tool Kit (NSN: 5180-00-177-7033), Organizational Maintenance Common No. 1 Tool Kit (NSN: 4910-00-754-0654), Common No. 2 Tool Kit (4910-00-754-0650), and Tool Kit Supplement No. 1 (NSN: 4910-00-754-0653), and U.S. Army Supply Catalogs 4910-95-A73 and 4910-95-A74. The Contractor shall select the equipment in the following order:

---------------------------	---	----------------------

Name of Offeror or Contractor:

- (1) Tools available in the specified tool kits.
- (2) Test, Measurement and Diagnostics Equipment (TMDE) which is currently part of the Department of Defense.
- (3) Commercially available items, not previously identified.
- (4) The contractor shall identify all special tools required to service or repair the system name components and incorporate the special tools and test equipment lists into the maintenance manual.

Name of Offeror or Contractor:

REPRESENTATIONS, CERTIFICATIONS, AND OTHER STATEMENTS OF OFFERORS

	<u>Regulatory Cite</u>	<u>Title</u>	<u>Date</u>
1	52.232-13	NOTICE OF PROGRESS PAYMENTS	APR/1984

2	52.212-2	EVALUATION--COMMERCIAL ITEMS	JAN/1999
---	----------	------------------------------	----------

a. The Government will award a contract resulting from this solicitation to the technically acceptable, responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The selection for award will be made on a Two-Phase basis, as described below.

b. Each Offeror shall submit on a separate sheet of paper a written response to the following Technical Questionnaire. The answers shall be complete and concise. A separate response is required for each size pump.

1. What is the make and model of the proposed diesel engine? Supply engine manufacturer's technical data sheet(s) of the engine chosen.
2. What is the make and model of the proposed pump? Supply pump manufacturer's technical data sheet(s) of the pump chosen.
3. Provide a performance curve or chart for the proposed pumping assembly.
4. Does the engine chosen provide the performance required using JP8 fuel?
5. Small diesel engines require emissions certifications per Code of Federal Regulations (CFR) Title 40 (40 CFR 80.29 - 80.30) for use with diesel fuel. Provide a copy of the engine emissions certification for the proposed pumping assembly.

c. Phase 1 - The Government will review each offeror's response to the Technical Questionnaire to assess their understanding of the technical requirements. The offeror's response to the Technical Questionnaire will be evaluated on an Acceptable/Unacceptable basis considering the risk of meeting PD requirements. A low risk proposal would reflect a solution to meet requirements which is evaluated as feasible and practical, in addition to being clear, precise, and supported. No additional credit will be given to exceeding PD requirements except to the extent that exceeding a requirements reduces the risk of meeting the minimum requirement".

d. An Offeror must be determined acceptable on both sized pumps to proceed to Phase 2. The Government will make any response as a result of this clause, a part on the contract. The acceptance of any such response does not relieve the successful contractor from passing the required First Article tests.

e. Phase 2 - Proposals which are rated Acceptable under Phase 1, will be evaluated under Phase 2. Among the offerors with Acceptable Phase 1 Technical proposals, the Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

1. Price
2. Past Performance

Price is significantly more important than past performance.

f. Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

g. A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provisions)

3	52.247-4001 (TACOM)	METHOD OF EVALUATION OF TRANSPORTATION OF F.O.B. ORIGIN OFFERS	MAR/2002
---	------------------------	--	----------

- (a) For the evaluation of this offer, we will use the lowest freight rates from the Transportation Officer that are:
- in effect (or the lowest rates that will become effective before the expected date of initial shipment), and
 - on file or published with the Transportation Officer by the date of bid opening (or by the closing date specified for requests for proposals), and
 - for the Government selected method of shipment, and
 - based upon the following freight classification:

[End of Provision]

4 52.247-4457 EVALUATION OF TRANSPORTATION COSTS FOR LONG TERM CONTRACTS MAR/2002
(TACOM)

We do not know the quantity and destination requirements that will apply during the term of this Contract. To determine the low offeror, we will evaluate those transportation costs that apply to a quantity of 1,512 each of CLIN 001 and 504 each of CLIN 002, including any option quantities, by using the methodology described in the Section K clause entitled "Evaluation--FOB Origin" (FAR 52.247-47). The quantity delivery rate the Government identified in Paragraph (b)(3) of Section I's clause 52.242-4457 entitled "Delivery Schedule for Delivery Orders" will be used in our evaluation. We will use the following estimated quantities, excluding any Foreign military Sales (FMS) portion (if any), to the listed tentative destinations in conducting our evaluation:

CLIN 001 CLIN 002
907 each 302 each TO New Cumberland Army Depot, PA
605 each 202 each TO Red River Army Depot TX

[End of Provision]

5 52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS OCT/2000

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. Each Offeror shall submit on a separate sheet of paper a written response to the following Technical Questionnaire. The answers shall be complete and concise. A separate response is required for each size pump.

1. What is the make and model of the proposed diesel engine? Supply engine manufacturer's technical data sheet(s) of the engine chosen.
2. What is the make and model of the proposed pump? Supply pump manufacturer's technical data sheet(s) of the pump chosen.
3. Provide a performance curve or chart for the proposed pumping assembly.
4. Does the engine chosen provide the performance required using JP8 fuel?
5. Small diesel engines require emissions certifications per Code of Federal Regulations (CFR) Title 40 (40 CFR 80.29 - 80.30) for use with diesel fuel. Provide a copy of the engine emissions certification for the proposed pumping assembly.;

(5) Terms of any express warranty; This information is for information only. Warranty will not be evaluated.

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at FAR 52.212-3;

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms,

<p style="text-align: center;">CONTINUATION SHEET</p>	<p style="text-align: center;">Reference No. of Document Being Continued</p> <p style="text-align: center;">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p style="text-align: center;">Page 59 of 74</p>
--	--	---

Name of Offeror or Contractor:

conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

- (c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.
- (d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.
- (e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.
- (f) Late submissions, modifications, revisions, and withdrawals of offers.
- (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.
- (2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-
- (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
- (B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or
- (C) If this solicitation is a request for proposals, it was the only proposal received.
- (ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
- (3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.
- (4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
- (5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.
- (g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.
- (h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.
- (i) Availability of requirements documents cited in the solicitation.

(3) Nongovernment (voluntary) standards must be obtained from the organization responsible for their preparation, publication or maintenance.

(j) Data Universal Numbering System (DUNS) Number. (Applies to offers exceeding \$25,000.) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" followed by the DUNS number that identifies the offeror's name and address. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet to obtain one at no charge. An offeror within the United States may call 1-800-333-0505. The offeror may obtain more information regarding the DUNS number, including locations of local Dun and Bradstreet Information Services offices for offerors located outside the United States, from the Internet home page at <http://www.customerservice@dnb.com>. If an offeror is unable to locate a local service center, it may send an e-mail to Dun and Bradstreet at globalinfo@mail.dnb.com.

(End of Provision)

6 52.212-3 OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL ITEMS (Alt I JUL/2002
dated Apr 2002)

(A) Definitions. As used in this provision:

Emerging small business means a small business concern whose size is no greater than 50 percent of the numerical size standard for the NAICS code designated.

"Forced or indentured child labor" means all work or service--

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which

--	--	---

Name of Offeror or Contractor:

can be accomplished by process or penalties.

"Service-disabled veteran-owned small business concern"--

(1) Means a small business concern--

(i) Not less than 51 percent of which is owned by one or more service--disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.

(2) Service-disabled veteran means a veteran, as defined in 38 U.S.C. 101(2), with a disability that is service-connected, as defined in 38 U.S.C. 101(16).

"Small business concern" means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and size standards in this solicitation.

"Veteran-owned small business concern" means a small business concern--

(1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and

(2) The management and daily business operations of which are controlled by one or more veterans.

"Women-owned business concern" means a concern which is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of the its stock is owned by one or more women; and whose management and daily business operations are controlled by one or more women.

"Women-owned small business concern" means a small business concern--

(1) That is at least 51 percent owned by one or more women or; in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(2) Whose management and daily business operations are controlled by one or more women.

(b) Taxpayer identification number (TIN) (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to a central contractor registration database to be eligible for award.)

(1) All offerors must submit the information required in paragraphs (b)(3) through (b)(5) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the Internal Revenue Service (IRS).

(2) The TIN may be used by the government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.]

(3) Taxpayer identification number (TIN)

() TIN:_____.

() TIN has been applied for.

() TIN is not required because:

() Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the U.S. and does not have an office or place of business or a fiscal paying agent in the U.S.;

() Offeror is an agency or instrumentality of a foreign government;

() Offeror is an agency or instrumentality of the Federal government;

(4) Type of organization.

- () Sole proprietorship;
- () Partnership;
- () Corporate entity (not tax-exempt);
- () Corporate entity (tax-exempt);
- () Government entity (Federal, State, or local);
- () Foreign government;
- () International organization per 26 CFR 1.6049-4;
- () Other _____.

Name _____

TIN _____

(C) Offerors must complete the following representations when the resulting contract is to be performed inside the United States, its territories or possessions, Puerto Rico, the Trust Territory of the Pacific Island, or the District of Columbia. Check all that apply.

(1) Small business concern. The offeror represents as part of its offer that it

() is,

() is not

a small business concern.

(2) Veteran-owned small business concern. Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision. The offeror represents as part of its offer that it (check one) is _____ is not a _____ veteran-owned small business concern.

(3) Service-disabled veteran-owned small business concern. Complete only if the offeror represented itself as a veteran-owned small business concern in paragraph (c)(2) of this provision. The offeror represents as part of its offer that it (check one) is, _____ is not a service-disabled veteran-owned small business concern.

(4) Small disadvantaged business concern. [Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.] The offeror represents, for general statistical purposes, that it * is, * is not, a small disadvantaged business concern as defined in 13 CFR 124.1002.

(5) Women-owned small business concern. Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision. The offeror represents that it

() is,

() is not a women-owned small business concern.

Note: Complete paragraphs (c)(6) and (c)(7) only if this solicitation is expected to exceed the simplified acquisition threshold.

(6) Women-owned business concern (other than a small business concern). Complete only if the offeror is a woman-owned business concern and did not represent itself as a small business concern in paragraph (c)(1) of this provision. The offeror represents that it

() is,

() is not, a women-owned business concern.

(7) Tie bid priority for labor surplus area concerns. If this is an invitation for bid, small business offerors may identify the labor surplus areas in which costs to be incurred on account of manufacturing or production (by offeror or first-tier subcontractors) amount to more than 50 percent of the contract price:

(8) Small Business Size for the Small Business Competitiveness Demonstration Program and for the Targeted Industry Categories under the Small Business Competitiveness Demonstration Program. (Complete only if the offeror has represented itself to be a small business concern under the size standards for this solicitation.)

(i) (Complete only for solicitations indicated in an addendum as being set-aside for emerging small businesses in one of the four designated industry groups (DIGs)). The offeror represents as part of its offer that it

() is,

() is not

an emerging small business.

(ii) (Complete only for solicitations indicated in an addendum as being for one of the targeted industry categories (TICs) or four designated industry groups (DIGs)). Offeror represents as follows:

(A) Offeror's number of employees for the past 12 months (check the Employees column if size standard stated in the solicitation is expressed in terms of number of employees); or

(B) Offeror's average annual gross revenue for the last 3 fiscal years (check the Average Annual Gross Number of Revenues column if size standard stated in the solicitation is expressed in terms of annual receipts).

(Check one of the following):

Average Annual

Number of Employees

Gross Revenues

_____ 50 or fewer

_____ \$1 million or less

(9) (Complete only if the solicitation contains the clause at FAR 52.219-23, Notice of Price Evaluation Adjustment for Small Disadvantaged Business Concerns, and the offeror desires a benefit based on its disadvantaged status.)

(i) General. The offeror represents that either-

(A) It ☐ is,
☐ is not

certified by the Small Business Administration as a small disadvantaged business concern and is listed, on the date of this representation, on the register of small disadvantaged business concerns maintained by the Small Business Administration, and that no material change in disadvantaged ownership and control has occurred since its certification, and, where the concern is owned by one or more individuals claiming disadvantaged status, the net worth of each individual upon whom the certification is based does not exceed \$750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); or

(B) It ☐ has,
☐ has not

submitted a completed application to the Small Business Administration or a Private Certifier to be certified as a small disadvantaged business concern in accordance with 13 CFR 124, Subpart B, and a decision on that application is pending, and that no material change in disadvantaged ownership and control has occurred since its application was submitted.

(ii) Joint Ventures under the Price Evaluation Adjustment for Small Disadvantaged Business Concerns. The offeror represents, as part of its offer, that it is a joint venture that complies with the requirements in 13 CFR 124.1002(f) and that the representation in paragraph (c)(9)(i) of this provision is accurate for the small disadvantaged business concern that is participating in the joint venture. [The offeror shall enter the name of the small disadvantaged business concern that is participating in the joint venture:_____.]

(10) HUBZone small business concern. [Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.] The offeror represents, as part of its offer, that--

(i) It

☐ is,

☐ is not a HUBZone small business concern listed, on the date of this representation, on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration, and no material change in ownership and control, principal office, or HUBZone employee percentage has occurred since it was certified by the Small Business Administration in accordance with 13 CFR part 126; and

(ii) It ☐ is,

☐ is not a joint venture that complies with the requirements of 13 CFR part 126, and the representation in paragraph (c)(10)(i) of this provision is accurate for the HUBZone small business concern or concerns that are participating in the joint venture. [The offeror shall enter the name or names of the HUBZone small business concern or concerns that are participating in the joint venture:_____.] Each HUBZone small business concern participating in the joint venture shall submit a separate signed copy of the HUBZone representation.

(11) (Complete if the offeror has represented itself as disadvantaged in paragraph (c)(4) or (c)(9) of this provision.) [The offeror shall check the category in which its ownership falls]:

☐ ☐ Black American.

☐ ☐ Hispanic American.

☐ ☐ Native American (American Indians, Eskimos, Aleuts, or Native Hawaiians).

☐ ☐ Asian-Pacific American (persons with origins from Burma, Thailand, Malaysia, Indonesia, Singapore, Brunei, Japan, China, Taiwan, Laos, Cambodia (Kampuchea), Vietnam, Korea, The Philippines, U.S. Trust Territory or the Pacific Islands (Republic of Palau), Republic of the Marshall Islands, Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, Guam, Samoa, Macao, Hong Kong, Fiji, Tonga, Kiribati, Tuvalu, or Nauru).

☐ ☐ Subcontinent Asian (Asian-Indian) American (persons with origins from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, the Maldives Islands, or Nepal).

Name of Offeror or Contractor:

() Individual/concern, other than one of the preceding.

(D) Representations required to implement provisions of Executive Order 11246--

(1) Previous Contracts and Compliance. The offeror represents that--

(i) It
() has,
() has not,
participated in a previous contract or subcontract subject to the Equal Opportunity clause of this solicitation; and

(ii) It
() has,
() has not,
filed all required compliance reports.

(2) Affirmative Action Compliance. The offeror represents that--

(i) It
() has developed and has on file,
() has not developed and does not have on file,
at each establishment, affirmative action programs required by rules and regulations of the Secretary of Labor (41 CFR Subparts 60-1 and 60-2), or

(ii) It () has not previously had contracts subject to the written affirmative action programs requirement of the rules and regulations of the Secretary of Labor.

(E) Certification Regarding Payments to Influence Federal Transactions (31 U.S.C. 1352). (Applies only if the contract is expected to exceed \$100,000.) By submission of its offer, the offeror certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress on his or her behalf in connection with the award of any resultant contract.

(F) Buy American Act Certificate. (Applies only if the clause at Federal Acquisition Regulation (FAR) 52.225-1, Buy American Act - Supplies, is included in this solicitation.)

(1) The offeror certifies that each end product, except those listed in paragraph (f)(2) of this provision, is a domestic end product (as defined in the clause of this solicitation entitled "Buy American Act -Supplies") and that the offeror has considered components of unknown origin to have been mined, produced, or manufactured outside the United States. The offeror shall list as foreign end products those end products manufactured in the United States that do not qualify as domestic end products.

(2) Foreign End Products: [List as necessary.]

LINE ITEM NO.: COUNTRY OF ORIGIN:

(3) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25.

(G)(1) Buy American Act -- North American Free Trade Agreement -- Israeli Trade Act Certificate. (Applies only if the clause at FAR 52.225-3, Buy American Act -- North American Free Trade Agreement Israeli Trade Act -- Balance of Payments Program, is included in this solicitation.)

(i) The offeror certifies that each end product, except those listed in paragraph (g)(1)(ii) or (g)(1)(iii) of this provision, is a domestic end product as defined in the clause of this solicitation entitled "Buy American Act -- North American Free Trade Agreement Israeli Trade Act" and that the offeror has considered components of unknown origin to have been mined, produced, or manufactured outside the United States.

(ii) The offeror certifies that the following supplies are NAFTA country end products or Israeli end products as defined in the clause of this solicitation entitled "Buy American Act-North American Free Trade Agreement-Israeli Trade":
NAFTA Country or Israeli End Products: [List as necessary]

LINE ITEM NO.: COUNTRY OF ORIGIN:

(iii) The offeror shall list those supplies that are foreign end products (other than those listed in paragraph (g)(1)(ii) or this provision) as defined in the clause of this solicitation entitled "Buy American Act-North American Free Trade Agreement-Israeli Trade Act" The offeror shall list as other foreign end products those end products manufactured in the United States that do not qualify as domestic end products.

Other Foreign End Products: [List as necessary]

LINE ITEM NO.: COUNTRY OF ORIGIN:

Name of Offeror or Contractor:

(iv) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25.

(2) Buy American Act-North American Free Trade Agreements-Israeli Trade Act Certificate, Alternate I (May 2002). If Alternate I to the clause at FAR 52.225-3 is included in this solicitation, substitute the following paragraph (g)(1)(ii) for paragraph (g)(1)(ii) of the basic provision:

(g)(1)(ii) The offeror certifies that the following supplies are Canadian end products as defined in the clause of this solicitation entitled "Buy American Act-North American Free Trade Agreement-Israeli Trade Act":

Canadian End Products

LINE ITEM NO.: [List as necessary]

(3) Buy American Act-North American Free Trade Agreements-Israeli Trade Act Certificate, Alternate II (May 2002). If Alternate II to the clause at FAR 52.225-3 is included in this solicitation, substitute the following paragraph (g)(1)(ii) for paragraph (g)(1)(ii) of the basic provision:

(g)(1)(ii) The offeror certifies that the following supplies are Canadian end products or Israeli end products as defined in the clause of this solicitation entitled "'Buy American Act--North American Free Trade Agreement--Israeli Trade Act'": [List as necessary]

Canadian or Israeli End Products

LINE ITEM NO.:

COUNTRY OF ORIGIN:

(4) Trade Agreements Certificate. (Applies only if the clause at FAR 52.225-5, Trade Agreements, is included in this solicitation.)

(i) The offeror certifies that each end product, except those listed in paragraph (g)(4)(iii) of this provision, is a U.S.-made, designated country, Caribbean Basin country, or NAFTA country end product, as defined in the clause of this solicitation entitled "Trade Agreements."

(ii) The offeror shall list as other end products those end products that are not U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products.

Other End Products [List as necessary]

LINE ITEM NO.:

COUNTRY OF ORIGIN:

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items subject to the Trade Agreements Act, the Government will evaluate offers of U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products without regard to the restrictions of the Buy American Act or the Balance of Payments Program. The Government will consider for award only offers of U.S.-made, designated country, Caribbean Basin country, or NAFTA country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) Certification Regarding Debarment, Suspension or Ineligibility for Award (Executive Order 12549). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [] Are, [] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency; and

(2) [] Have, [] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and

(3) [] Are, [] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses.

(I) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) Listed End Product: Listed Countries of Origin:

(2) Certification. [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]

[] (i) The offeror will not supply any end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product.

[] (ii) The offeror may supply an end product listed in paragraph (i)(1) of this provision that was mined, produced, or manufactured in the corresponding country as listed for that product. The offeror certifies that is has made a good faith effort to determine whether forced or indentured child labor was used to mine, produce, or manufacture any such end product furnished under this contract. On the basis of those efforts, the offeror certifies that it is not aware of any such use of child labor.

(End of provision)

52.217-5

EVALUATION OF OPTIONS

JUL/1990

(a) Except when it is determined in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

(End of provision)
- 8

52.247-45

F.O.B. ORIGIN AND/OR F.O.B. DESTINATION EVALUATION

APR/1984

Offers are invited on the basis of both F.O.B. origin and F.O.B. destination, and the Government will award on the basis the Contracting Officer determines to be most advantageous to the Government. An offer on the basis of F.O.B. origin only or F.O.B. destination only is acceptable, but will be evaluated only on the basis submitted.

(End of provision)
- 9

52.247-46

SHIPPING POINT(S) USED IN EVALUATION OF F.O.B. ORIGIN OFFERS

APR/1984

(a) If more than one shipping point or plant is designated by the offeror and the offeror fails to indicate the quantity per shipping point or plant before bid opening, the Government will evaluate the offer on the basis of delivery of the entire quantity from the point or plant where cost of transportation is most favorable to the Government.

(b) If the offeror, before bid opening (or the closing date specified for receipt of offers) fails to indicate any shipping point or plant, the Government will evaluate the offer on the basis of delivery from the plant at which the contract will be performed, as indicated in the offer. If no plant is indicated in the offer, the offer will be evaluated on the basis of delivery from the Contractor's business address indicated in the offer.

(c) If the offeror uses a shipping point other than that which has been used by the Government as a basis for the evaluation of offers, any increase of transportation costs shall be borne by the Contractor and any savings shall revert to the Government.

(End of provision)
- 10

52.247-47

EVALUATION--F.O.B. ORIGIN

APR/1984

Land methods of transportation by regulated common carrier are the normal means of transportation used by the Government for shipment within the United States (excluding Alaska and Hawaii). Accordingly, for the purpose of evaluating offers, only these methods will be considered in establishing the cost of transportation between offeror's shipping point and destination (tentative or firm, whichever is applicable) in the United States (excluding Alaska and Hawaii). This transportation cost will be added to the offer price in determining the overall cost of the supplies to the Government. When tentative destinations are indicated, they will be used only for evaluation purposes, the Government having the right to use any other means of transportation or any other destination at the time of shipment.

OFFEROR REPRESENTATIONS AND CERTIFICATIONS--COMMERCIAL ITEMS

NOV/1995

(a) Definitions.
As used in this clause--

(1) Foreign person means any person other than a United States person as defined in Section 16(2) of the Export Administration Act of 1979 (50 U.S.C. App. Sec. 2415).

(2) United States person is defined in Section 16(2) of the Export Administration Act of 1979 and means any United States resident or national (other than an individual resident outside the United States and employed by other than a United States person), any domestic concern (including any permanent domestic establishment of any foreign concern), and any foreign subsidiary or affiliate (including any permanent foreign establishment) of any domestic concern which is controlled in fact by such domestic concern, as determined under regulations of the President.

(b) Certification.
By submitting this offer, the Offeror, if a foreign person, company or entity, certifies that it--

(1) Does not comply with the Secondary Arab Boycott of Israel; and

(2) Is not taking or knowingly agreeing to take any action, with respect to the Secondary Boycott of Israel by Arab countries, which 50 U.S.C. App. Sec. 2407(a) prohibits a United States person from taking.

(c) Representation of Extent of Transportation by Sea. (This representation does not apply to solicitations for the direct

purchase of ocean transportation services).

(1) The Offeror shall indicate by checking the appropriate blank in paragraph (c)(2) of this provision whether transportation of supplies by sea is anticipated under the resultant contract. The term supplies is defined in the Transportation of Supplies by Sea clause of this solicitation.

(2) Representation.

The Offeror represents that it--

_____Does anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

_____Does not anticipate that supplies will be transported by sea in the performance of any contract or subcontract resulting from this solicitation.

(3) Any contract resulting from this solicitation will include the Transportation of Supplies by Sea clause. If the Offeror represents that it will not use ocean transportation, the resulting contract will also include the Defense Federal Acquisition Regulation Supplement clause at 252.247-7024, Notification of Transportation of Supplies by Sea.

(End of provision)

12	TACOM	DATA AND COMMUNICATIONS SUBMITTED TO THE GOVERNMENT ELECTRONICALLY	MAY/2002
----	-------	--	----------

(a) The Government often employs contractors as system administrators to operate and maintain Government computer systems. These systems include local area networks, web sites, databases, other electronic records, e-mail accounts, other electronic data transfer mechanisms and computer software. The employees of these contracted system administrators sign nondisclosure agreements obligating them not to reveal information contained in files, documents, computers or systems that they administer. However, unless such information is protected in some way, contracted system administrators do have the ability to access such information.

(b) Potential contractors as well as any other parties are thus advised to take steps needed to prevent access by contracted system administrators to information submitted electronically to the Government. Absent such steps, it is assumed that contracted system administrators are permitted the capability to access the data. The access will be limited to that which is necessary for the contract system administrator to perform its duties for the Government. The access shall be subject to the condition that third party information is not to be revealed by the contracted system administrator.

15 52.212-4851 ELECTRONIC OFFERS REQUIRED -COMMERCIAL ITEMS JUL/2001
(TACOM)

1. You must submit your offer via paperless electronic media (See Paragraph 2 below.). Offers submitted in paper form are unacceptable. You must submit your electronic offer, and any supplemental information (such as spreadsheets, backup data, and technical information), using any of the following electronic formats:

(i) Files readable using these Microsoft* 97 Office Products (TACOM can currently read OFFICE 97* and lower.): Word, Excel, Powerpoint, or Access. Spreadsheets must be sent in a file format that includes all formulae, macro and format information. Print image is not acceptable. Executable files, other than self-extracting compressed files, are unacceptable.

(ii) Files in Adobe PDF (Portable Document Format). Scanners should be set to 200 dots per inch.

(iii) Files in HTML (Hypertext Markup Language). HTML documents must not contain active links to live Internet sites or pages. All linked information must be contained within your electronic offer and be accessible offline.

(iv) Other electronic formats. Before preparing your offer in any other electronic format, please e-mail the buyer identified on the solicitation cover sheet (Government Standard Form 1449), with e-mail copy-furnished to amsta-idg@tacom.army.mil, to obtain a decision as to the format's acceptability. This e-mail must be received by the buyer not later than ten calander days before the closing date. Failure to e-mail the buyer within this timeframe to seek an alternate format's acceptability may result in rejection of your offer. All alternate methods must be at no cost to the Government.

NOTE: The above formats may be submitted in compressed form using self-extracting files.

2. Acceptable media: You must submit your offer via 100 or 250 megabyte Zip*-disk, or 3 1/2 inch disk, or 650 megabyte CD ROM, E-mail, or datafax. Identify the software application, and version, that you used to create each file submitted. The word "datafax" used in this clause means "facsimilie" as defined at FAR 52.215-5.

(a) 100 or 250 MEGABYTE ZIP*-DISK, 3 1/2 INCH DISK, OR 650 MEGABYTE CD ROM via U.S. Mail or other carrier. Offerors shall label any and all submitted disks with the solicitation number and closing date, and the offeror's name and address and contact phone number. Envelopes containing disks must be labeled per FAR 52.215-1(c), found within the provision, "Instructions to Offerors--Competitive Acquisition." Your attention is also called to the entirety of that provision--all contained therein is applicable to paperless electronic offers. In the event of multiple submitted offers, place each offer/submission on its own disk(s)(one offer can comprise multiple disks). You must also submit only one offer/submission per envelope. Notwithstanding language on the SF 1449 cover sheet of this solicitation that may state otherwise, submit ONLY ONE (1) of each disk (no additional copies required).

(b) E-MAIL. If you choose to use e-mail, address your offer to offers@tacom.army.mil. DO NOT E-MAIL OFFERS TO THE BUYER. THE SUBJECT LINE OF THE E-MAIL MUST READ: "OFFER--[solicitation number], [name of Company/offeror], CLOSES [closing date]". Maximum size of each e-mail message shall be three and one-half (3.5) megabytes. Any compressed files must be self-extracting, and you must provide appropriate instructions. You may use multiple e-mail messages for each offer/submission, however, you must annotate the subject lines as described above for each message, and number them in this manner: "Message 1 of 3, 2 of 3, 3 of 3".

(c) DATAFAX. Faxed offers MUST BE SENT TO TACOM'S NETWORK FAX SERVER ON 1-586-574-5527. DO NOT FAX OFFERS TO THE BUYER. SIMILARLY, DO NOT ADDRESS THE FAX TO THE BUYER. YOU MUST ADDRESS THE FAX TO THE ATTENTION OF offers@tacom.army.mil AS THIS IS THE LOCATION WHERE YOUR FAX MUST BE RECEIVED. THE COVER PAGE OF THE FAX MUST CLEARLY INDICATE THAT THE FAX SHOULD BE SENT TO offers@tacom.army.mil.

Paper faxes are not acceptable. Transmit only one offer for each datafax transaction. Clearly identify the offer as such on your fax cover page or via your PC, include your company's name, and state the proper internal TACOM address: offers@tacom.army.mil. Offerors may send a fax using a personal computer or standalone fax machine, but it must be sent to the above number. If you use a standalone fax machine, you won't receive a confirmation of receipt. See paragraph 5 below for the minimum requirements of your offer. Maximum size of datafax offers is three and one-half megabytes (3.5MB), the same limitation as that for e-mail offers. For your datafax, use the same subject line as that for e-mails as indicated above: "OFFER--[solicitation number], [name of your Company/offeror], CLOSES [closing date]".

Please select only one medium by which to transmit each offer. For instance, do not submit an offer via 100 or 250 megabyte Zip*-disk AND e-mail.

3. Commercial product literature in support of technical proposals shall be provided in electronic format in accordance with the format guidelines above. If this literature is unavailable in electronic format, the offeror shall provide a brief description of it in his offer, and shall retain this hard copy literature for possible later review by the Contracting Officer.

4. Lateness rules for submitted disks, e-mail, or datafax submissions are outlined in FAR 52.212-1, "Instructions to Offerors--

<p align="center">CONTINUATION SHEET</p>	<p align="center">Reference No. of Document Being Continued</p> <p align="center">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p align="center">Page 69 of 74</p>
---	--	--

Name of Offeror or Contractor:

Commercial Items." listed elsewhere in this solicitation. Pay particular attention to paragraph (c)(3) of that clause as it relates to the timing of e-mail or datafax submissions.

5. Security Note: If you choose to password-protect access to your offer, you must provide the password to TACOM before the closing date. Contact the buyer identified on the SF 1449 solicitation cover sheet to arrange a means of providing it. Passwords used only for the purpose of write protecting files need not be provided.

6. Electronic offers must include, as a minimum:

(a) The SF 1449 cover sheet filled out. SIGNATURE: For offers submitted via disk or CD ROM per 2(a) above, this SF 1449 cover sheet must be signed and included electronically in your disk or CD. Clearly label the disc/CD ROM as described in paragraph 2(a) above, adding the name and title of the signer authorizing your company, your company name, and then sign the LABEL itself. Datafaxed offers also must include a signed SF 1449 cover sheet. E-mailed offers must also include a signed SF 33 cover sheet that can be either faxed or scanned. If faxed to the TACOM Network Fax Server (1-586-574-5527), you must annotate that it is being submitted together with your e-mailed offer. If scanned, attach it to your e-mail offer (or first e-mail message if you are sending multiple e-mails due to length).

(b) All applicable fill-in provisions from Sections A, B, F, and K of this solicitation. You may find Word versions of Section K provisions requiring your fill-in on our TACOM Business Opportunities webpage (<http://contracting.tacom.army.mil/mastersol/sectionk.htm>). You can fill them in and attach them to your offer. See the solicitation for which provisions are required. Also, provision entitled : Inspection Point: Origin, TACOM clause 52.246-4028, filled in (if applicable). All applicable fill-ins must be completed and submitted by the offeror.

(c) A statement of agreement to all the terms, conditions, and provisions of this solicitation.

(d) Any other information required by the solicitation.

7. Please see FAR 15.207(c) for a description of the steps the Government shall take with regard to unreadable offers.

8. Offerors shall make every effort to ensure that their offer is virus-free. Offers (or portions thereof) submitted which DO reflect the presence of a virus, or which are otherwise rendered unreadable by damage in either physical or electronic transit, shall be treated as "unreadable" per paragraph 6 above.

16	52.215-4010	AUTHORIZED NEGOTIATORS	JAN/1998
	(TACOM)		

Please identify, below, the representatives that are authorized to negotiate on your organization's behalf with the Government in connection with this request for proposals or request for information:

PERSONS AUTHORIZED TO NEGOTIATE

<u>NAME</u>	<u>TITLE</u>	<u>TELEPHONE NUMBER</u>
_____	_____	_____
_____	_____	_____

[End of Provision]

17	52.216-4006	METHOD OF PRICE EVALUATION	MAY/2000
	(TACOM)		

(a) The unit price for each year will be multiplied by the estimated annual requirement for the corresponding year, and the results for each year added together to produce the evaluated price for the total maximum quantity. Based on this method of evaluation, award will be made to the responsible offeror whose offer represents the lowest evaluated price.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 70 of 74
Name of Offeror or Contractor:		

(b) If this solicitation contains quantities to be shipped FOB Origin, transportation cost will be evaluated as specified elsewhere in this solicitation, and award will be made to the responsible offeror whose offer represents the lowest evaluated price including transportation costs.

18 52.233-4000 NOTICE REGARDING TACOM OMBUDSPERSON AND AMC-LEVEL PROTEST PROGRAM MAY/2000
(TACOM)

(a) At the Tank-automotive and Armaments Command (TACOM) we have an ombudsperson office, which builds an extra communication avenue that our contractors can use.

(b) If you think that this solicitation contains inappropriate requirements, needs streamlining, or should be changed, you should first contact the buyer or the Procuring Contracting Officer (PCO).

(c) The buyer's name and phone number are on the cover page (SF 1449) of this solicitation in block number 7.

(d) If the buyer or PCO doesn't respond to the problem to your satisfaction, or if you want to make comments anonymously, you can contact the Ombudsperson's Office. Our Ombudsperson is Ms. LaRuth Shepherd. Her address, e-mail and phone number are:

U.S. Army TACOM
AMSTA-CM-PY (Ms. Shepherd)
Warren, MI 48397-5000

shepher1@cc.tacom.army.mil

(810) 574-6597 or 6547

(e) If you contact Ms. Shepherd, please provide her with the following information:

- i. TACOM solicitation number;
- ii. Name of PCO;
- iii. Problem description;
- iv. Summary of your discussions with the buyer/PCO.

(f) Another avenue you can use, if you wish to protest some feature of this acquisition, is to protest to TACOM's headquarters, the Army Materiel Command. The AMC-level protest program encourages interested parties to seek resolution of their concerns within AMC as an Alternative Dispute Resolution forum, rather than filing a protest with the General Accounting Office or other external forum. Contract award or performance is suspended during an AMC-level protest to the same extent, and within the same time periods, as would apply to a protest filed with the GAO. The AMC program has a goal of resolving protests within 20 working days from the date of filing. To be timely, AMC-level protests must be filed within the periods specified in subpart 33.103 of the Federal Acquisition Regulation.

(g) To file an AMC-level protest, send the protest to:

HQ Army Materiel Command
Office of Command Counsel
ATTN: AMCCC-PL
5001 Eisenhower Ave.
Alexandria, VA 22333-0001

voice phone: (703)-617-8176
fax phone: (703)-617-4999 or 5680.

If you have a web-browser, you can use the following HTTP to view the complete AMC-level protest procedures:

<http://www.amc.army.mil/amc/cc/protest.html>

(end of clause)

19 52.246-4037 COMMERCIAL WARRANTY INFORMATION OCT/1996
(TACOM)

(a) If the items you are offering us normally are provided with a warranty when sold to other customers, we expect the same warranty coverage if we award you a contract as a result of this solicitation. In that event we will need the details of your warranty, so we'd like some warranty information as part of your response to the solicitation. You may do so either by attaching a standard

Name of Offeror or Contractor:

brochure or information sheet, or by filling out the following. If you are providing warranty data in the form of a brochure or information sheet, please check the following box, and then fill in additional information below only to the extent that it isn't already covered in the material you are attaching.

() Warranty data is covered in attached information sheet, entitled: _____

(b) Please tell us about your warranty:

(1) How long is the warranty period? (If you do not give a warranty on the item you are offering us in this bid or proposal, just enter NONE, and then skip to paragraph (6) below.)

(2) Does the warranty run strictly in terms of time after the sale, or does it also expire based upon usage of the item (for example, after X hours of operation, or after Y miles driven)?

(3) What does the warranty cover? Does it cover all failures in the item during the warranty period, or are there exclusions?

Does the warranty cover replacement parts only, or is labor included as well?

(4) How does the warranty start? Does it begin automatically, after acceptance by the customer, or must the customer submit a card or other documentation to begin the warranty coverage?

(5) Do you have any methodology for delayed start of the warranty period (such as if TACOM buys the items and stores them for three months before issuing them to the field users)?

(6) Is 100% of the warranty coverage provided by you, or are any components covered by pass-through warranties from their manufacturers, which might require us as a customer to deal directly with someone other than you on a warranty claim?

() No pass-through warranties will apply: all warranty coverage is provided and administered by us.

() Yes, pass-through warranties will apply, on the following, which would require warranty claims to be submitted directly to another company on these items:

COMPONENT/SUBSYSTEM	WARRANTY DURATION
---------------------	-------------------

(7) Where do customers make a claim against the warranty? Must a claim be filed in a central location first, or can the defective item be taken to any authorized dealer? If the latter, who are the authorized dealers?

(8) When making a claim, how must we identify the item as being within the warranty period? (This concerns us because the field users of this equipment work at geographically dispersed sites, where proof of purchase will not be available.)

(9) What circumstances, if any, will void the warranty?

(10) Is an extended warranty available?

() Yes

() No

If an extended warranty is available, what is the cost of the extra coverage, and what are its terms?

Name of Offeror or Contractor:

20 52.247-4010 TRANSPORTATION DATA FOR F.O.B. ORIGIN OFFERS
(TACOM)

FEB/1994

(a) Provide the following information for us to use in selecting the most favorable mode of shipment. We'll also use this information in our evaluation of transportation costs.

Offeror represents that:

- (1) Facilities for shipping by rail

```
[ ] are
[ ] are not
```

available at the F.O.B. point(s) stated in this solicitation.

- (2) If rail facilities are not available at the F.O.B. point(s), the name and location of the nearest team track is:

(NAME)

(LOCATION)

- (3) Facilities for shipping by water

```
[ ] are
[ ] are not
```

available at the F.O.B. point(s) stated in this solicitation.

- (4) Facilities for shipping by motor

```
[ ] are
[ ] are not
```

available at the F.O.B. point(s) stated in this solicitation.

(5) If there is a Contractor Reimbursable Loading Charge and you didn't include it in the offered unit price in Section B, please indicate it below, per unit:

RAIL: _____/Unit MOTOR: _____/Unit WATER: _____ /Unit

CAUTION: GIVE THE COST OF REIMBURSABLE LOADING CHARGE (NOT ALREADY IN THE OFFERED UNIT PRICE) ON A PER UNIT BASIS. THE UNIT OF MEASURE IS AS INDICATED ON THE SCHEDULE PAGE, SECTION B, UNDER THE UNIT COLUMN.

(b) We will consider any charge listed above in the overall transportation evaluation of this solicitation. Unless you fill-in the above information for loading charges, we will consider all costs associated with loading to be included in the item price offered in Section B. These costs include: (i) loading, (ii) blocking, (iii) bracing, (iv) drayage, (v) switching, or (vi) any other service necessary to effect delivery F.O.B. carrier's equipment you've indicated as available and we specify at time of shipment.

(c) If rail facilities aren't available at the designated F.O.B. point(s), rail won't be used unless directed by the Administrative Contracting Officer (ACO). If the ACO tells you rail facilities will be used, we'll adjust the contract price by adding the loading charge filled in above for transportation to the nearest rail facility.

(d) IF YOU DO NOT FILL IN AN ADDITIONAL CHARGE FOR RAIL SHIPMENT ABOVE, YOU AGREE THAT THE CONTRACT PRICE ALREADY INCLUDES ALL CHARGES FOR SUCH SHIPMENTS. THEREFORE, SHIPMENT BY RAIL WILL NOT COST US ANY MORE.

[End of Provision]

21. Department of Army Technical Manuals (DA TM) Provision for waiver

(a) As the Government, we may waive the requirement entitled: PUBLICATION REQUIREMENTS (CDRLs A006 and B006) for a Operators, Organizational, Direct Support and General Support Maintenance Manual (Including Repair Parts And Special Tools List) for the 50 GPM and 100 GPM FUEL Pumping Assemblies as provided in this solicitation, provided that offeror meets these following conditions:

<p style="text-align: center;">CONTINUATION SHEET</p>	<p style="text-align: center;">Reference No. of Document Being Continued</p> <p style="text-align: center;">PIIN/SIIN DAAE07-03-R-T012 MOD/AMD</p>	<p style="text-align: center;">Page 73 of 74</p>
--	--	---

Name of Offeror or Contractor:

(1) Offeror must separately submit for each of the two pumps:

i. Two (2) hard-copy sets of any existing commercial manuals (including all component supplier commercial manuals). You should provide commercial manuals that address the operation procedures, maintenance procedures, and repair parts necessary to support the two pumps. You should include complete parts breakdown.

ii. A request for waiver as an integral part of his response to this solicitation. The request for waiver should be accompanied by documentation in support of the request.

iii. The cost of overpacking a complete set of commercial manuals with each pump.

(2) The Government will review the commercial manuals and data supplied with each offeror's proposal for each pump. The commercial off the shelf (COTS) manuals will be evaluated in accordance with MIL-HDBK-1221 (notice 1 dated 30 SEP 99) to determine whether or not the reviewed COTS manuals prove adequate to support the pump. MIL-HDBK-1221 can be obtained at www.logsa.army.mil/pubs/tmss/1221wcgl.pdf

(b) The Offeror shall provide a price for Data Items A006 and B006. In the event the waiver is granted, the price for Data Item A006 and B006 will not be included in the offerors evaluated price. If the waiver is granted the Offeror will be required to overpack a complete set of commercial manuals with each pump. The cost of overpacking the commercial manuals will be included in the offerors evaluated price.

(c) If the offeror submits a request for waiver of PUBLICATION REQUIREMENTS (CDRLs A006 and B006) but fails to comply with the requirements of this provision, the requested waiver may not be granted. If the waiver is not granted, more favorable alternative offers of price or delivery, conditioned upon the granting of a waiver, will not be considered in the evaluation process

(d) PRICE EVALUATION FACTORS. As specified elsewhere in this solicitation, the Government reserves the right to waive the requirement entitled PUBLICATION REQUIREMENTS (CDRLs A006 and B006), and requests the price of the proposed PUBLICATION REQUIREMENTS (CDRLs A006 and B006) (at the schedule of supplies, Items A006 and B006) from offerors who elect to seek such a waiver. In the event that the offeror requests and receives a waiver of PUBLICATION REQUIREMENTS (CDRLs A006 and B006.), the price for such data, as identified by the offeror in the supplies schedule, Items A006 and B006, shall be deducted from the total price otherwise cited for the material herein solicited. The offer will then be evaluated for award at the resulting alternate price.

(1) If the offeror requests a waiver of Publication requirements, but fails to separately identify the cost of PUBLICATION REQUIREMENTS (CDRLs A006 and B006) in the schedule of supplies, Item 0018AA and 0028AA of this solicitation, the Government reserves the right to evaluate the offer based upon the price for Data Items A006 and B006, and to require that offeror perform on the contract at such price whether or not the PUBLICATION Requirement is waived, at no additional cost to the Government.

(2) If the offeror requests but is not granted a waiver of PUBLICATION REQUIREMENTS (CDRLs A006 and B006), evaluation for award will be based upon the full amount entered for CLINs 0011 through 0029.

[End of Provision]

*** END OF NARRATIVE K 001 ***

22. HAND CARRIED OFFERS - INCLUDING OFFERS DELIVERED BY EXPRESS SERVICES (NON-US POSTAL SERVICE MAIL)

(1) The time of receipt of the electronic proposal shall be used for the purpose of determining late proposal submissions.

(2) Hand carried or mailed offers, including offers delivered by express delivery services, shall be addressed to the depository at:

US Army Tank-automotive and Armaments Command
Acquisition Center
Bid Lobby - Building 231, AMSTA-AQ-AMAD
6501 East 11 Mile Road
Warren, MI. 48397-0001

(3) Offers shall not be addressed to an individual buyer. All offers must be addressed to the Bid Lobby at the above address. Offerors are responsible to obtain documentation when the offer arrives at TACOM.

(4) The external delivery envelope or wrapper must be marked with the solicitation number, the specific electronic medium on which the proposal is contained (i.e., 3 1/2" floppy disk, zip disk, CD ROM), and the date and time of the proposal closing. Each envelope should contain only one offer.

(5) Paper proposals will not be accepted at the TACOM Bid Lobby depository. The hard copy paper and over-packed electronic

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN DAAE07-03-R-T012 MOD/AMD	Page 74 of 74
---------------------------	--	----------------------

Name of Offeror or Contractor:

versions of your proposals will be required to go through a screening process prior to delivery to the Bid Lobby Depository. When your delivery service arrives at the main gate (11 Mile Road entrance) your proposal will be routed to building 249 receiving dock. Your delivery service will receive instructions and directions to Building 249 from TACOM security police upon arrival. Upon arrival at the receiving dock your delivery service representative must request that the receipt be date/time stamped. The receiving dock employees don't date/time stamp as a normal business activity. That date/time receipt will be the official time of delivery of your proposal per FAR 52.212-1 "Instructions to Offerors - Commercial Items". The driver may need to obtain a visitor's badge, and must be a US citizen. The Government will forward the package to the Bid Lobby Address in Building 231.

(6) Offerors must ensure that the commercial carrier they use has a tracking system that can provide documentation of the date and time of delivery to the Government. For hand carried offers delivered by other than a commercial carrier, the offeror must ensure that the delivery person obtains a signature from Receiving Dock personnel on a receipt that shows the date and time of delivery to the Government. The delivery person must provide the receipt since Receiving Dock personnel do not have them. Offerors must assume that the above described screening process will take in excess of 48 hours.

(7) Packages must be delivered to Building 249 between the hours of 8:00 a.m. and 3:00 p.m. local time.

*** END OF NARRATIVE K 002 ***

CONTRACT DATA REQUIREMENT LIST

Form Approval OMB No. 0704-0188

Public reporting burden for this collection of information is estimated to average 440 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Department of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302, and to the Office of Management and Budget, Paperwork Reduction Project (0704-0188), Washington, DC 20503. Please DO NOT RETURN your form to either these addresses. Send completed form to the Government Issuing Contracting Officer for the Contract/PR No. listed in Block E.

ATTACHMENT 004

This worksheet identifies the data elements required for the 50 GPM and the 100 GPM Fuel Pump provisioning efforts. These data elements are the minimum required for submission of provisioning data. In-depth definitions of the data elements are contained in MIL-PRF-49506 with guidance provided in MIL-HDBK-502 (MIL-STD-1388- 2A/2B may also be used as guidance).

WORKSHEET 1

SUMMARY TITLE: LMI Summary titles are as indicated below

SPECIFIC INSTRUCTIONS: Logistics Management Information Data Products. Drawings/ Engineering Data for Provisioning (EDFP) are required for the purpose of assigning National Stock Numbers. The Government will review for acceptance each of the Contractor's offered drawings.

DATA IN LMI SPECIFICATION (Please provide the data product title):

Media Format Delivery for all LMI Data Products:

X 9-Track, ODD Parity, EBCDIC Coded, 1600 BPI, blocking factor 10 -
Disk/Tape in ASCII Format, or electronic delivery (E-Mail) attachment in
Above described format.

LMI Maintenance Analysis Summaries/LMI Data Products: CDRL A001 and B001

LMI Provisioning Parts List (PPL): CDRL A002 and B003

LMI Engineering Data for Provisioning (EDFP): CDRL A003 and B003

DATA NOT IN LMI SPECIFICATION (Please provide the data product title, its definition and its format):

LMI Pre-procurement Screening: CDRL A004 and B004 Screening of all part numbers used on system to identify National Stock Numbers (NSN).

LMI Tools & Test Equipment List (TTEL) -CDRL A007 and B007 . Peculiar support items required to support and maintain system throughout life cycle.

MAC - CDRL A008 and B008

DCN - CDRL A009 and B009

* DATA PRODUCT DELIVERABLE: Data product Information required for all items.

* This worksheet is used to select data deemed necessary by the government.

* Data should be used to feed down stream government process.

* SELECT EXPLANATION

* X Data product required on all items

* A As applicable

PROVISIONING REQUIREMENTS STATEMENT

Equipment Nomenclature: 100 GPM Pumping Assemblies

Model/Type Number:

Contract And Item Number: DAAE07-XX-X-XXXX

Provisioning Activity (address and zip code):

U. S. Army Tank-automotive and Armaments Command

Attn: AMSTA-LC-CJAP

Warren, MI 48397-5000

Contractor (name, address and zip code): To be determined

This Provisioning Requirements Statement (PRS) is furnished and will be prepared in accordance with Statement of Work (SOW). Deliverable Drawing(s)/Engineering Data for Provisioning (EDFP) Requirements will be specified on Contract Data Requirements List (CDRL).

PROVISIONING REQUIREMENTS

1. Maintenance/Provisioning/Publications (MPP) Guidance Conference: Will be conducted in conjunction with Start Of Work Meeting

- Location: TBD
- Date: Concurrent with SOW Meeting
- Time: TBD
- Estimated No. of Days: As Required

2. Provisioning Conference:

- Location: ALTERNATELY AT THE CONTRACTOR and the GOVERNMENT'S FACILITY
- Date: Approximately 60 days after contract award and every 60 days thereafter until completion.
- Time: TBD
- Estimated No of Days: As Required (5 days for a maximum of 1500 items and anything less will be the decision of the responsible Government Provisioning Representative.)

- e. The Contractor shall not be required to have a sample of the component/end item at the conference.
- 3. The sample article will not be disassembled at the conference.
- 4. A Provisioning Preparedness Review Conference is not required.
- 5. Manufacturers or Commercial Manuals will be required in support of validation & testing requirements.
- 6. Incremental submission of PTD (Drawings & LMI Data) is authorized.
- 7. Provisioning Screening is required.
Screening results will be required to be entered to the PMR.
- 8. A Resident Provisioning Team (RPT) will not be established.
- 9. Interim Release is not authorized
- 10. Commercial Drawings and Associated Lists/ LMI Drawing Products media shall be either:
 - a. Hard Copy at each review.(for review only)
 - b. Digital On CD in Adobe Acrobat PDF.format)

Furthermore, LMI Drawing Support will be sequenced by:

Hard copy PLISN order for all Reviews.
Part Number order for all digitized deliveries.

- 11. The initial PIO will be submitted within: N/A
- 12. Tools and Test Equipment will be included as part LMI Data Products (PPL). As required
- 13. A PPS is required.(PPS will be required at SOW)
- 14. Repair Kits and Repair Part Sets will be included in the LMI (PPL). As required
- 15. Common and Bulk Items List is required. As required
- 16. The Provisioning Statement of Work (SOW) is attached

NOTES:

- 1. Within 21 days after contract award the contractor shall contact Ms. Lori Henry, AMSTA-LC-CJA at (586) 574-4170 to open a line of communication between Contractor and Government representatives for further clarification of the provisioning requirements . The Contractor shall prepare and present at the Guidance Conference Milestone Chart deliverables for:
 - a. LMI Data (Provisioning Parts List, PPL)
 - b. LMI Products (DRAWINGS SPTD/EDFP)
 - c. Repair Parts and Special Tools List (RPSTL) Data.
 - d. Conferences/IPRs
- 2. Maintenance/Provisioning/Publication (MPP)/IPR Review dates and duration will be discussed at the Guidance Conference.
- 3. The PPS will be finalized at the Guidance Conference.
- 4. Bulk Material required for the fabrication of items in the LMI (PPL) which are source coded "M" (MAKE) will be listed. Bulk Material source coded "P" (PROCURED) will also be listed on the LMI Data Products (PPL).

Attachment 005, Publication Matrix

TECHNICAL MANUAL CONTENT SELECTION MATRIXES For 65 and 125 GPM PUMPING ASSEMBLIES

A.1 SCOPE

A.1.1 Scope. This appendix lists technical content requirements for technical manuals for all major weapon systems and all types of equipment, including test and support equipment. These requirements are applicable for all maintenance levels through overhaul (depot), including DMWRs. Technical requirements are provided for both page-based and frame-based TMs

A.2 APPLICABLE DOCUMENTS.

This section is not applicable to this appendix.

A.3 DEFINITIONS.

This section is not applicable to this appendix.

A.4 GENERAL REQUIREMENTS.

This section is not applicable to this appendix.

A.5 DETAILED REQUIREMENTS.

A.5.1 General. Tailoring of the technical content requirements contained in MIL-STD-40051A through MIL-STD-40051-6A for page-based manuals is provided in A.5.1.1 through A.5.1.1.1. Tailoring instructions for frame-based TMs are provided in A.5.1.2 through A.5.1.2.2.

A.5.1.1 Tailoring requirements for page-based technical manuals. Tables are provided that list all applicable technical content requirements for the development of the following page-based TMs This Appendix is a mandatory part of this standard. The information contained herein is intended for compliance. Copies of the applicable tables will be completed and added as an attachment to the Document Summary List of the contract.

a. Combined operator, unit, direct support, and general support maintenance levels (-14) and operator, unit, direct support, and general support maintenance levels with RPSTL (-14&P) TM assembly information. (Table A.1)

A.5.1.1.1 Technical content tables. Tables A.1 through A.9 simplify tailoring the technical content requirements of technical manuals prepared using this standard as a guide. The tables indicate which parts of MIL-STD-40051 are applicable and list the content requirements for each type of TM. The content requirements for each applicable TM shall be arranged in the order presented in the tables. Inclusion of the applicable tables of this appendix is mandatory and is intended for compliance.

A.5.1.2.1 Additional tailoring requirements. Due to the EDS limitations for displaying schematics and wiring diagrams provided in IETMs, the acquiring activity may require that the schematics and wiring diagrams be printed on paper in a double king size (11-inch by 17-inch) as a supplement to the IETM.

A.5.2 Intended use. First determine the types of TMs required for each acquisition and then duplicate the table(s) that contain the content requirements for those types of TMs Indicate the types of TMs needed by filling in the blank after ?TM Requirements Matrix for? at the top of each matrix. For each type of TM selected, indicate in the open blocks the "TM Content" desired by entering an "R" for "REQUIRED" content, ?NR? for content that is "NOT REQUIRED", or "O" for optional content that may be required in the TM later by the Government, but can not be determined at the time of the contract. All blocks for the selected TM types in Tables A.1 through A.12 must be completed with an ?R?, ?NR?, or an "O" for each TM acquisition. The blocks that already contain an "R" are required and cannot be changed. The blocks containing "NR" are not required for that type of TM and should not be included. The blocks that are shaded are as required. The remarks page can be used to provide the contractor additional instructions.

A.5.3 Acquisition requirements. The properly executed Technical Manual content Selection Matrix table becomes contractually binding when it is made part of the contract, statement of work or any other contractual instrument.

Operator, Unit, Direct Support, and General Support Maintenance Levels with RPSTL (-14&P) TM assembly information for 65 & 125 GPM Pumping Assemblies

Attachment 006
PUBLICATION REQUIREMENTS

1. PREPARATION INSTRUCTIONS. You shall deliver DA Technical Manuals (TM) and Electronic TMs (ETM) (.PDF format). In Accordance With (IAW) guidance below:

2. Requirements for publication deliveries shall be as follows:

a. Draft Equipment Publication (DEP). For DEP delivery the Contractor shall provide complete publication(s), that is, validated draft data integrated into the manual/ETMs. DEP ETM manual(s) shall be digital and shall be representative of the final product. Contents must be clearly legible with content and format as for final. DEP ETM hard copies shall be reproduced back-to-back, collated and assembled, with each copy drilled for standard three-hole punch. Digital DEP shall be compiled (deployable) on a single master Compact Disk-Read Only Memory (CD-ROM) (IAW ISO-9660). See Paragraph 6 below for .PDF ETM requirements.

b. Final Draft Equipment Publication (FDEP). For FDEP delivery you shall provide complete publication(s), that is, final data, if applicable, integrated into the manual/ETMs. FDEP shall include all changes and final resolutions resulting from government reviews and tests as well as your quality reviews and final edit. Illustrations shall be inked and all call-outs and text shall be typeset. FDEP manual(s) delivery shall include quantities as stated on the Contract Data Requirements List (CDRL) and consists of the following:

(1) Copies of final manual(s) in the necessary quantities as per the proper CDRLs, each reproduced back-to-back, collated and assembled, and drilled for standard three-hole punch.

(2) Final Reproducible Copy (FRC) shall be single-sided reproducible pages, collated and ready for one-to-one reproduction. FRC pages produced from a 600 dot-per-inch (minimum) laser printer or Photo Mechanical of original master paste-up boards are acceptable. The intent is to receive crisp, clear, reproducible pages without paste-up, ready for one-to-one reproduction without additional work or loss of quality due to handling or storage.

2. SPECIFICATIONS. The specifications shown below shall be used for guidance. Offerors shall respond to the latest version at date of award. Copies can be obtained via web site: <http://www.logsa.army.mil:80/mil40051/menu.htm>

3. CLARIFICATIONS:

a. Safety information, army unique warnings and noise hazard profile related to noise hazards shall be added to manual if 85 dB9A noise level is exceeded. NOTE: DO NOT include any Class I Ozone Depleting Chemicals (ODC's) or reference to ODC's manuals.

b. All illustrations shall be line drawings. If prescreened photographs and halftones appear in manuals, you must assure delivery of final copy that will provide clear legible illustrations after reproduction.

c. Illustrations in: operation and maintenance illustrations shall be isometric and provide a view as seen by user. Illustrations shall appear on same or facing page as applicable text; quantity and type of illustration shall allow user to locate items and operate and maintain equipment in an accurate and efficient manner.

d. Incorporate appropriate lubrication instructions into the Operator and Unit Preventive Maintenance Checks and Services (PMCS) at the applicable hard time intervals IAW MIL-STD-40051-4A(TM), para. 5.3.4.3.2.1.1b.

e. Prepare an operator/crew PMCS data pages to the Manual IAW MIL-STD-40051-4A(TM), para. 5.3.4.3. The operator/crew checks and services must only require the common tools which are included in the Basic Issue Item's furnished with and stored on the vehicle during operation. Operator/crew PMCS will include intervals such as; before, during, after, weekly and monthly, as applicable.

f. Prepare a Unit PMCS containing Unit level tasks IAW MIL-STD-40051-4A(TM), para. 5.3.4.3. The Unit PMCS will include intervals such as; Quarterly, Semiannually or annually.

g. Develop a Maintenance Allocation Chart (MAC) data IAW MIL-STD-40051-6A(TM), para. 5.3.3 and figures 2, 4, 5, 6, and 7. The MAC shall be in contractor's assembly/subassembly sequence to conform with MIL-STD-40051-6A(TM). You shall update the MAC throughout the performance period of the contract, including results of your analysis, vehicle testing, validation, verification and review of technical manual data. You shall perform an analysis to identify the extent of repair for each potentially repairable item and recommend the maintenance level to perform the work within the Army Maintenance System (AR 750-1, chapter 3, section 3, paragraphs 3-8 through 3-11) can be found at the following WEB address:
<http://www.atsc-army.org/cgi-bin/atdl.dll/ar/750-1/ar7501topc.htm>

h. Variables such as item price, parts prices, failure rates of the repairable item, and piece parts, labor costs, and the cost of special tools and equipment shall be considered.

i. Prepare Components of End Item (COEI) and Basic Issue Items (BII) lists as supplemental data page(s) IAW MIL-STD-40051-

6A(TM), para. 5.5 and figure 8.

j. Prepare Additional Authorized List (AAL) as supplemental data page(s) IAW MIL-STD-40051-6A(TM), para. 5.6 and figure 9.

k. Prepare an updated, revised Appendix A, References: see MIL-STD-40051-6A(TM), para. 5.2 and Figure 1.

l. Prepare a Parts cross-reference list showing Manufacturer's CAGE Code and Part Number, Vendor CAGE Code and Part Number and applicable government furnished National Stock Numbers (NSN).

4. ADOBE ACROBAT ETMs:

a. Data shall include Operator and Unit levels PMCSs with lubrication instructions incorporated. Data also includes the Maintenance Allocation Chart (MAC), additional Troubleshooting instructions, Basic Issue Items (BII) list, Additional Authorized List (AAL), Component of End Items List (COEI), References, Special Tool List, and DA Forms 2028s.

b. The contractor shall develop separate ETMs for each pump based on the separate technical manuals for each pump, using the portable document exchange system Acrobat (Adobe Systems Acrobat Version 4.0 or higher) pdf. These files will not have any linking done, but they shall be editable and searchable.

c. The contractor shall create editable Microsoft Word files containing all the text of the ETMs. The contractor will also create Computer Graphics Megafire (CGM) or Consultative Committee on International Telephony and Telegraphy (CCITT) Group 4 files or Tag Image Format Files (TIFF) containing all the graphics/line drawings of the ETMs.

d. The contractor shall deliver each Acrobat ETM (the -10, -24, -24P, etc) on an International Organization for Standardization (ISO) 9660 CD-ROM. Deliver the separate editable files and graphic files on separate ISO 9660 CD-ROMs.

e. The contractor shall provide the government with validated draft ETMs and paper final draft manuals IAW the CDRLs. The contractor's validation shall be hands-on live testing, desk-top review, or a combination of these methods to ensure that the draft ETMs are fully operational so that the government can evaluate their operation, navigation, and structure. The paper copy draft and the ETMs shall be mutually inclusive of data, text and art, and format. The contractor shall give the government a 30-day notice of the time and place of their validation so the government may attend such a validation.

f. The contractor shall provide the government with final draft ETMs and paper final draft technical manuals IAW the CDRLs. All errors discovered by the government or contractor during validation, verification, and reviews shall be corrected by the contractor at no additional charge. All changes to the "system name" configuration shall be accurately reflected in both the ETMs and paper manuals and all supplemental data at no additional cost.

5. Quality Assurance.

a. You shall be responsible for the quality of the manuals, and ETMs and for developing effective processes to develop, test and inspect the deliverables, ensuring technical accuracy, usability, completeness (within the scope of the contract), consistency and generally meet contract requirements prior to delivery.

b. Validation is a process where you must physically perform one hundred percent of the procedures developed to support the vehicle configurations being procured. Validation is an action performed on text and illustrations developed to meet contract requirements; therefore development and validation of data cannot be done simultaneously. Existing data in commercial manuals, proven in the market place need not be performance validated. This data must be reviewed to ensure accurate information and usable incorporation into the manuals with supplemental data. Validation also includes your comparative review of all technical data to the configuration of the item being procured. The validation effort shall assure that both text and illustrations are mutually supportive and accurately describe, reflect only the vehicle configurations being procured.

c. You shall support In Process Reviews (IPRs) by providing samples of work accomplished to date or other requested data and identify improvements to your manuals, data or QA process required as a result of IPR comments. We may witness your validation of the manual data and ETMs.

d. We may use the manuals when testing the end items to determine their accuracy and usability.

e. We reserve the right to perform reviews and testing (verification) for accuracy and usability at our discretion prior to acceptance of the final deliveries. Verification is our hands-on performance check of tasks and deliveries to check the adequacy of your preparation and validation efforts. You must furnish approved configurations of the end items to TACOM for our verification to be held after you deliver the draft manuals to us.

f. We will evaluate the TM(s) for compliance to contract requirements to determine acceptance of the TM(s). Our usability

standard for acceptance of a TM, in addition to requirements already stated, will be based on our determination that all information is presented in such a way that it can be easily identified and found, read and understood, and includes illustration support where needed.

g. If we find errors or deficiencies in your deliveries during our reviews or testing you shall correct them at no additional cost to us.

6. Government Furnished Information (GFI).

a. We will provide the following at the Start of Work meeting: The Technical Manual numbers, the end items' NSN (if available) and official nomenclatures, distribution statements (if available)(information required on the covers you shall prepare). Additional cover data will be provided when available, but not less than 45 days before FDEP due date.

b. We will furnish updated Army regulations and Technical Manual numbers and titles to be included in Appendix A, Reference.

7. Reference. You are invited to use the military performance standard, MIL-STD-40051A(TM), for guidelines and examples of the Technical Manual content and format that meet Army requirements. This all inclusive standard includes information on technical manual preparation and assembly, introduction, theory, operation, troubleshooting, maintenance, repair parts and special tools lists and supporting information previously contained in numerous, separate, detailed specifications and standards.

ATTACHMENT 007
REPAIR PARTS AND SPECIAL TOOLS LIST

1. PREPARATION INSTRUCTIONS. The contractor shall prepare and deliver Repair Parts and Special Tools List(s) (RPSTL)(s) IAW the requirements, quantities, and schedules set forth in the Contract Data Requirements List, DD Form 1423 and this attachment.
 - a. Draft Equipment Publication (DEP). The contractor shall request a Government printed YWU draft RPSTL output for inclusion in the DEP. The contractor shall deliver a validated DEP, which consists of:
 - (1) Draft cover, front matter, introduction (Section I). Submit on 8-1/2 x 11-in. bond in single-spaced manuscript format.
 - (2) Draft Illustrations. Submit on 8-1/2 x 11-in. bond.
 - (3) Draft RPSTL output (Sections II and III).
 - (4) Draft RPSTL Index output (Section IV). Submit draft RPSTL Index with the same Julian date as the draft RPSTL being submitted (Julian date is located on the upper left-hand corner of the Draft and Index cover sheet). DEP shall be delivered in quantity stated on DD Form 1423. For DEP, illustrations need not be inked and may have hand-written callouts but shall be in final format and complete content. DEP may contain hand written corrections, as long as such corrections do not affect more than 10% of RPSTL line item entries. All annotations, however, must be clearly legible, and parts list corrections for non-RPSTL TM data elements must be accompanied by transactions to correct the Provisioning Master Record (PMR).
 - b. Final Draft Equipment Publication (FDEP). The contractor shall request that the Government print a YWX proof RPSTL output for contractor inclusion in the FDEP. FDEP deliverable shall consist of:
 - (1) Original reproducible camera-ready copy of final RPSTL: Cover, front matter, introduction, Section II Parts List with illustrations, Section III Special Tools List and Section IV Indexes; collated and circlefolioed in non-reproducible blue.
 - (2) PDF copy of approved FDEP on CD-ROM and editable copy of delivered on CD-ROM as stated on DD Form 1423.
 - (3) Copies of FDEP in quantity stated on DD Form 1423, each copy reproduced back-to-back and punched for standard 3-hole binder.
 - (4) Reproduction Assembly Sheet (for camera-ready copy). (See MIL-HDBK-38790)
 - c. FDEP Copy Deliverable. If required by DD Form 1423, the Contractor shall deliver FDEP copies for Government review and approval prior to delivery of FDEP camera-ready with additional copies. This submission before camera-ready delivery, when procured, helps avoid unnecessary handling or shipment of camera--ready materials.
2. SPECIFICATIONS. The following specifications shall apply. Contractor shall use latest edition available at time of contract award.
 - a. MIL STD-40051A (TM), Preparation of Digital Technical Information for Multi-Output Presentation of Technical Manuals. (2 March 99)
 - b. MIL-STD-40051-5A(TM), Technical Manuals, Parts Information (PI) and Repair Parts and Special Tools List (RPSTL). (2 March 99)
 - c. ADSM 18-LEA-JBE-ZZZ-UM-05, Automated Data Systems Manual Commodity Command Standard System, Repair Parts and Special Tools List. (9 May 97)
 - d. ADSM 18-LEA-JBE-ZZZ-UM-06, Automated Data Systems Manual Commodity Command Standard System, Provisioning System. (6 July 99)
 - e. MIL-M-38784(TM) Military Specification Manuals, Technical: General Style and Format Requirements.
 - f. TB 750-93-1, Technical Bulletin Functional Grouping Codes: Combat, Tactical, and Support Vehicles and Special Purpose Equipment.
 - g. MIL-HDBK-38790, Printing Production of Technical Manuals, General Requirements for (24 February 1997).
 - h. MIL-HDBK-1222, Guide to the General Style and Format of U.S. Army Work Package Technical Manuals (9 April 1997).

3. CLARIFICATION OF SPECIFICATIONS. Requirements of the governing specifications are clarified as follows:

a. MIL-HDBK-1222(TM):

Reference (Paragraph)	Clarification
6.3.4	The darkness, weight and sharpness of lines shall be sufficient to reproduce clearly at required reproduction size without additional treatment.
6.3.5	Do not use Photographs in RPSTLs.
6.3.6 and	Engineering drawings are not acceptable as RPSTL illustrations.
6.5.1.1.a	Callouts in FDEP shall be typeset or prepared by a mechanical method rather than free hand lettering. The lettering shall be 8 to 10 point, plus or minus one point in size when printed.

b. MIL-STD-40051-5A(TM):

Reference (Paragraph)	Clarification
--------------------------	---------------

5.3 RPSTL Technical Manual (TM) shall be developed and included in TM.

All Functional Group Codes (FGCs), including Subgroup codes, listed in the Maintenance Allocation Chart (MAC) that are applicable to the maintenance level of the RPSTL shall be listed in the table of contents.

If the RPSTL TM includes Depot Level parts the statement "Including Depot Maintenance Repair Parts" shall be added to the title of the RPSTL TM.

The Repair Parts List shall be in ascending numerical order by functional groups as listed in the MAC. Group numbers shall be assigned in accordance with TB 750-93-1.

Figures shall be numbered in ascending sequence throughout the manual.

Additional description or extended nomenclature to the approved federal item name in the provisioning file should be limited. Only information essential to identifying the assembly or part shall be added (such as "left", "right", "make from...") except for the following: bolts and screws shall include the size, length, thread class and grade, following the item name.

When an assembly is the last item in a given figure and its repair parts are illustrated in the figure immediately following, the parts shall be indented one space more than the assembly.

When an assembly and its parts are in the same figure, the parts shall be indented one space further right than the assembly.

Kit listing shall be in a separate functional group titled "GROUP 9401 REPAIR KITS". Kits shall fall out in ascending alphanumeric part number sequence (an automatic sort from correct data entry) and shall not be assigned item numbers.

Kit repair parts shall be listed with their applicable figure and appear in item number sequence. The statement "PART OF KIT P/N (kit P/N)" shall follow the item name. This statement appears automatically through correct use of the provisioning and RPSTL data entry process.

Only one FGC shall appear in a figure.

The headers for lists shall be all caps and shall contain the same basic wording and information as the associated figure title and functional group title used in the MAC and TB 750-93-1. See example in clarification of ADSM 18-LEA-JEE-ZZZ-UM-05 below. Figure numbers and titles on illustrations shall be upper case for the first letter of principle words.

c. TB 750-93-1:

Reference (Paragraph)	Clarification
--------------------------	---------------

- | | |
|---|--|
| 6 | Add component functional group code " 94 Kits". |
| 7 | Add component functional group code " 94 Kits".
Add subgroup code " 9401 Kits and Related Parts". |

d. ADSM 18-LEA-JBE-ZZZ-UM-05:

Reference	Clarification
-----------	---------------

(paragraph)

Contractor shall not deliver 80-column worksheets or keypunched cards; all RPSTL TM data entry shall be by terminal (using modem) or by magnetic tape. When using a modem, bits per second (bps) or baud rate affects speed of transactions. Recommend contractor use modem capable of at least 2400 bps.

3.3.1 All input requests for output products will be processed by the Government.

6.5.3 Contractor shall not perform RPSTL workfile (aka download) maintenance (i.e. make corrections to the parts list in the workfile) until after delivery and Government review and acceptance of DEP. Prior to acceptance of DEP, all changes to parts list RPSTL TM data shall be made to the provisioning master record (PMR). Contractor may make corrections only to header data portion of RPSTL workfile prior to DEP delivery and acceptance.

3.2.2.2 Entry of DIC YWT, Functional Group Code (FGC) Header Maintenance, is via tape or modem into RPSTL download in accordance with this ADSM. Entry of FGC Headers is recommended after validation to eliminate need for post-validation changes. Batch entry via magnetic tape shall be 80-column worksheet format with data entered in card columns as defined.

3.2.2.2b Functional group code entry shall agree with FGC entered on corresponding M card.
TM-FGC Card
Column 8-18

3.2.2.2b YWT FUNC NARR presents figure number and legend.
FUNC NARR FUNC NARR shall be as follows:
Card Column a) Basic Group FGC (required only for the first figure of each basic functional group)

19-54 b) Subgroup FGC.
c) Figure number and legend.
Example:
GROUP 01 ENGINE
GROUP 0100 ENGINE ASSEMBLY
FIG. 1 ENGINE ASSEMBLY, UPPER

e. ADSM 18-LEA-JBE-ZZZ-UM-06
3.2.3b Initial entry of RPSTL TM data elements to PLISN records already established in the PMR are update data (not new data) transactions.

A-2, A-3, Batch entry of RPSTL TM "M" and "N" card data shall be by magnetic tape using 80-column worksheet
A-14, format with data entered in columns as required by "PCCN and PLISN", "Action Code" "CFI " m" and
"CFI N" element descriptions. Recommend batch entry be used for initial RPSTL TM data entry only
(see clarification for para "E-1" below). For batch entry of FGC header data, see clarification
for ADSM 18-LEA-JBE-ZZZ-UM-06, para "3.2.2.2" above.

A-14 On page A-24, in Definition of "*FUNC-CD", delete "Enter only on the O1G card."

A-15 If an item will appear more than once in a RPSTL with same extended nomenclature, N card data must be input for each TM appearance.

A-15 On page A-26, in Definition of "*PROV-NOMEN", change "02H card" to "02N card"

E-1 To avoid having to delete and add key data element and all associated field data when changing a key data element, recommend contractor process all RPSTL TM data changes on-line (using modem). See also clarification to para "A-2, A-3, A-14 and A-15" above.

f. RPSTL TM Data Element Entry. TM Data can be input into the Provisioning Master Record (PMR) by terminal (using modem) (ADSM 18-LEA-JBE-ZZZ-UM-06), into the RPSTL workfile/download by terminal (using modem) (ADSM 18-LEA-JBE-ZZZ-UM-05), or into the PMR by magnetic tape (80-column worksheet format with data entered in columns as required by ADSM 18-LEA-JBE-ZZZ-UM-06 for "M" and "N" card data and by MIL-PRF-49506 (Logistics Management Information) for non-"M" or "N" card data). Some of these entries are clarified as follows:

ADSM-05
para ADSM-06
6.5.3 App A Clarification

BOI- Level	CFI M BOI-	When entering RPSTL data for a special tool or special tool kit, certain data can be entered to obtain one or more messages in the proof RPSTL. The Government will provide BOI LVL-1 requirements
	CFI A IND-CD	When entering RPSTL data for an item that is part of a kit (i.e., item source-coded KD, KF, KB), an asterisk shall be entered. (For entry via magnetic tape, see MIL-PRF-49506, and the provisioning portion of this contract.)
NHA- PLISN	CFI D NHA- PLISN	When entering RPSTL data for an item that is part of a kit (i.e., item source-coded KD, KF, KB), two PLISNs shall be entered in PLISN this block: the kit PLISN and the assembly PLISN on which the kit repair part is used. (For entry via magnetic tape, see MIL-PRF-49506, and the provisioning portion of this contract)
NHA- PLISN (6th	CFI D NHA- IND	RPSTL data entry for an item that is part of a kit (i.e., item source-coded KD, KF, KB) shall Position have an asterisk entered for the kit PLISN (not for the assembly-on-which-kit is used PLISN). (For entry via magnetic tape, see MIL-PRF-49506, and the provisioning portion of this contract)
TM-CODE	CFI M TM-CD (and) CFI N TM-CD	Government will provide TM Code.
FIG-NO	CFI M FIG-No (and) CFI N FIG-NO	For RPSTL data entry for a kit: KITS" shall be entered. For RPSTL data entry for 1 bulk material: "BULK" shall be entered in this four-character field.
ITEM-NR	CFI M ITEM-NR (and) CFI-N ITEM-NR	Entry shall be right justified. Do not zero fill unused blocks. For RPSTL data entry for a kit or entry for a bulk material, entry shall be blank.
TM-CH- No.	CFI M TM CHG-No.	For new or revised RPSTLs, leave blank. For a TM Change publication, entry is right justified, zero filled.
TM-IND- CD	CFI M TM-IND-	If no indenture is required, leave blank; do not enter zero. Entering CD a Number causes nomenclature to indent said number of spaces. Shows an item's relationship within an assembly. This relationship is also indicated by NHA PLISN and both shall agree. Indenture shall not exceed 5 spaces. For RPSTL data entry for a kit, leave blank. For RPSTL data entry for a bulk item, leave blank.
QTY-PER -FIG FIG	CFI M QTY-PER-	Numeric entry shall be right justified with unused characters zero-filled. "V" (for variable) shall be left-justified, no zero fill (remaining characters blank). For RPSTL data entry for a kit: quantity per figure shall be equal to the number of assemblies on which the kit is used. For special tool, special tool kit, and tool within special tool kit RPSTL data entry: leave blank.
TM-FGC	CFI M FUNC-CD	In building and accessing a RPSTL workfile, the automated process sorts and sequences RPSTL data by TM Code, by TMFGC and then item number (not figure number). Therefore, a unique and sequential extended FGC must be entered for each figure in the RPSTL. Unless otherwise determined at start of work meeting, or otherwise required for TM Change preparation due to existing FUNC-CD file structure, extended FGCs shall be as follows: For items other than kits, bulk material, special tools, special tool kits and tools within a special tool kit, enter the four-digit functional group code in first four characters. Leave 5th character blank. 6th through 9th characters shall contain the figure number, right justified, with unused blocks zero filled. 10th and 11th characters shall be blank.
For a kit RPSTL data entry, enter kit FGC " 9401" in first four characters. Leave 5th character blank. 6th through 8th characters shall have "KIT" entered. 9th through 11th characters shall contain kit sequencing number, determined as follows:		
Kits shall appear in part number sequence in FGC 9401. First kit shall have 010 in 9th through 11th characters, second kit shall have		

020, and so on. This method permits addition of kits to the FG.

For a bulk material RPSTL data entry, enter bulk material FGC " 9501" in 1st through 4th characters. Leave 5th character blank. 6th through 9th characters shall have "BULK" entered. 10th and 11th characters shall be blank.

For a special tool a special tool kit, or a tool within special tool kit RPSTL data entry, enter FGC " 2604" in 1st through 4th characters. Leave 5th character blank. In 6th through 9th character enter figure number, right justified, with unused blocks zero filled. 10th and 11th characters shall be blank.

PROV- CFI N Extended nomenclature, only as NOMEN required, shall be entered. Entry shall be left
PROV justified, except for RPSTL data entry for a tool in a special tool kit. For RPSTL data entry
NOMEN for a tool in a special tool kit: quantity statement shall be entered right justified
(example: QTY: 1 PER SET).

For RPSTL data entry for a manufactured item (i.e., item source-coded MO, MF, MH, ML or MD),
entry shall be "MAKE FROM (enter applicable bulk material or other replaceable item name) P/N
(enter number)."

Do not enter kit identification data for kit parts (i.e. parts coded KD, KF or KB). "PART OF KIT.... " information automatically prints out when kit part data is properly entered elsewhere.

Extended nomenclature includes dimension or size information only when like items may be confused unless further identified by dimension or size (for example, oversize parts, shims, and gaskets), or when describing bolts, nuts and screws.

4. DELIVERY SCHEDULE. Deliver RPSTL products in accordance with DD Form 1423.

5. GOVERNMENT FURNISHED INFORMATION. The Government will furnish the following information:

a. TM Number and TM Code

b. User ID and Passwords (for terminal data entry)

c. Basis of Issue (BOI) information

d. Specifications cited-

e. YWU Draft RPSTL outputs, YWU Proof RPSTL output, and other RPSTL outputs described by ADSM-18-LEA-JBE-ZZZ-UM-05, para 3.3.1 (as required or requested by contractor).

f. Provisioning Format output Listing, Summary Parts Index PLISN to Part Number sequence, Summary Parts Index Part Number to PLISN Sequence, PTD Transaction History, Validation Reject Listing or other provisioning file outputs described by ADSM-18-LEA-JBE- ZZZ-UM-06, para 3.4.1 (as required or requested by contractor)

ADD ANY OTHER INFORMATION TO BE PROVIDED, e.g., User comments (DA Form 2028) to current manuals, Approved engineering changes, Copy of current manual(s), Copy of current artwork and drawings.

6. ORDERING DATA.

a. RPSTL is a part of the 14&P.

b. The maintenance level(s) shall be determined upon approval of MAC.

c. The "Current as of" date will be the date of the RPSTL download (YWU output) used for preparation of final (proof) RPSTL.

d. "Reporting Errors and Recommending Improvements" statement is:

e. Manual title is: Operator's Organizational Direct Support and General Support (Including Repair Parts and Special Tools List).

f. This component item RPSTL is used to support all end item(s) purchased under this contract.

g. Contractor shall notify Government in advance of abbrev-iations used which are not contained in MIL-STD-12.

- h. Illustration identification numbers are not required.
- i. Supersession notice shall be provided at start of work of work meeting.
- j. Artwork and drawings to be furnished, if any, is listed under Government furnished information paragraph above.
- k. Applicable publication references will be provided at start of work meeting.
- l. The Maintenance Allocation Chart or changes thereto will be drafted by the contractor and approved by the Government
- m. In-process reviews will be held. See Attachment 4, Publication Requirements.
- n. See TM Content Matrix, Attachment 3.

o. When the Government accepts a manuscript with the provision that errors will be corrected, the contractor must correct errors within 30 calendar days following notification, at no cost to the Government.

7. VALIDATION. The contractor shall validate the Draft Equipment Publication (DEP) in accordance with Paragraph 10 below and with Attachment 4, Publication Requirements.

8. VERIFICATION. Government verification shall be performed in accordance with Paragraph 10 below and with Attachment 4, Publication Requirements and the following: Government may also observe contractor validation, test contents at Government hands-on verification of narrative manuals, and review contractor validation and quality assurance records as part of verification.

9. QUALITY ASSURANCE/QUALITY CONTROL.

10. DESCRIPTION OF RPSTL DEVELOPMENT PROCESS.

a. Preparation of the RPSTL shall be accomplished in four phases: input phase, draft retrieval/validation phase, verification phase and final camera-ready production phase.

b. Phase I: Input Phase. During the input phase, the contractor shall perform the following tasks:

(1) Using appropriate source data, (examples- provisioning file data, engineering drawings, Maintenance Allocation Chart) identify the items to be included in the RPSTL.

(2) Assign basic four-digit Functional Group Codes (FGC) in accordance with TB 750-93-1.

(3) Develop draft illustrations (illustrations shall be line drawings; half tones are not allowed).

(4) Develop RPSTL TM data elements. Enter this data into the Provisioning Master Record (PMR) using the terminal method (through a modem) in accordance with ADSM 18-LEA-JBE-ZZZ-UM-06. Or using the batch method (via magnetic tape) using 80-column worksheet format with entries in columns defined by ADSM 18-LEA-JBE-ZZZ-UM-06 for "M" and "NO" card data and defined by MIL-PRF-49606 for non-M or N card data. RPSTL TM data elements include:

Technical manual code (key data element)

Figure number (key data element)

Item number (key data element)

Technical manual change code (for TM Change publications only)

Technical manual indenture code

Quantity per figure

Technical manual functional group code (extended code to provide RPSTL sequencing)(key data element except for "N" card)

Provisioning nomenclature (extended nomenclature, only as required in addition to provisioning item name) Basis of issue level (as applicable for special tool or special tool kit only)

Indenture code asterisk, next higher assembly PLISNs and next higher assembly indenture (only for items that are part of a kit)

(5) Using Validation Reject Listing, PTD Transaction History, File Maintenance Reject Report, RPSTL Edit List and other appropriate outputs, the contractor shall input transactions to correct rejects or provide missing data. Contractor shall repeat this step until all items are input into the Provisioning Master Record (PMR) correctly.

c. Phase II: Retrieval/Validation Phase. During this phase, the following tasks shall be accomplished:

(1) Contractor will request and Government will provide a YWU draft RPSTL output: Draft RPSTL, current Rejected Records, Review Listing (as applicable), Index (if requested).

(2) Contractor shall review RPSTL draft/workfile to insure data is complete and ready for RPSTL validation. If draft/workfile is incorrect or incomplete, contractor shall input transactions to correct PMR as required and request Government delete current draft/workfile. Contractor shall continue to request and review RPSTL draft/workfiles, request deletions of draft/workfiles and input corrections to the PMR until complete and accurate RPSTL draft/workfile is obtained.

(3) When contractor achieves a draft RPSTL output, which is correct, and complete, the contractor shall compile the draft illustrations, draft RPSTL printout and introduction and validate them.

(4) After validation is complete, the contractor shall either request deletion of workfile, correct PMR, and obtain a new draft workfile for revalidation/submission to the Government or use the validated current download as basis for DEP delivery to the Government.

NOTE

Submitting FGC headers after validation is recommended here only to help eliminate post-validation header changes. Headers can be entered into the download by tape as early as when the first parts list download is requested, or can be entered by tape or terminal (using modem) anytime after parts list download exists.

(5) Before delivery of validated DEP, contractor shall submit YWT transactions (FGC headers) and request RPSTL download file copy with headers for DEP hard copy submission to the Government. (See Draft Equipment Publication deliverable, para 1 above.)

d. Phase III: Verification Phase.

(1) The Government will verify the DEP. See para 8 (VERIFICATION) above.

(2) Government shall furnish results of the verification to the contractor.

(3) If DEP fails verification, Contractor shall reprepare and resubmit validated DEP. (See Attachment 4, Publication Requirements).

e. Phase IV Final Camera-Ready Preparation. During the final camera-ready copy preparation, after DEP passes verification, the following actions shall be performed:

(1) Contractor shall make parts list and header corrections, if any, into the RPSTL workfile by terminal using modem (ADSM18-LEA-JBE-ZZZ-UM-05).

(2) Contractor shall input corrections, if any, required to non-RPSTL TM data elements (non-M and N card CCSS data) into the PMR.

(3) Contractor shall make corrections, if any, to cover, front matter, introduction or illustrations and finalize illustrations and text.

(4) Contractor shall request and Government will provide YWX Proof RPSTL output for inclusion in FDEP.

(5) After performing final edit to assure FDEP is complete and correct, contractor shall develop .PDF file and deliver FDEP. (See Attachment 6, Publication Requirements).

(6) The Government will perform a final edit to insure that the FDEP RPSTL has incorporated all verification comments/corrections and is complete and suitable for reproduction. See Attachment 6, Publication Requirements.

Attachment 008

SUMMARY TITLE: Maintenance Analysis

SPECIFIC INSTRUCTIONS: The contractor shall document a Maintenance Analysis Summary for the system. This summary will identify each repairable item and may be used to verify that the maintenance actions and support structure are aligned with the government's requirements and maintenance concept. The repairable items should be identified by end item hardware breakdown sequence. The summary should identify all preventive and corrective maintenance actions along with the required spares and support equipment to perform each maintenance task. The Annual Maintenance Man-hour data will be used to prepare the BOIP Feeder Data. The summary data can also be used to develop the Maintenance Allocation Chart (MAC).

DATA IN LMI SPECIFICATION: LMI Summary/Maintenance Analysis DI-ALSS-81530

DATA NOT IN LMI SPECIFICATION (Please provide the data product title, its definition and its format):

Title: Maintenance Analysis.

Required Data Elements:

Indenture Code

Component/Assembly Name

Component Part Number & Commercial And Government Entity Code (CAGEC)

Functional Group Code (FGC)

Maintenance Function/Task

Source, Maintenance & Recoverability (SMR) Code

Task Time

Task Frequency (annual)

Level of Maintenance (O-Unit, F-Direct Support, H-General Support, D-Depot, A-Contractor)

*Military Occupational Specialty (MOS)

Annual Maintenance Man-hours (AMMH)

Additional data elements may be added at the contractor's discretion.

Format: Contractor's format using Microsoft Excel

*Government Provided.
